ISSUER AND PURPOSE—The Authority is the issuer of the Series 2015A Bonds through the Idaho Bond Bank Authority Act, Title 67, Chapter 87, Idaho Code, as amended (the “**Act**”) pursuant to a master trust agreement between the Authority and trustee, U.S. Bank National Association, which trustee has been replaced by The Bank of New York Mellon Trust Company, N.A., (the “**Trustee**”), dated as of December 1, 2004 (the “**Master Trust Agreement**”), as supplemented (the Master Trust Agreement, together with all supplements, is referred to herein as the “**Trust Agreement**”). Proceeds of the Series 2015A Bonds will be used by the Authority to make a loan (the “**Loan**”) to the City of Pocatello, an Idaho municipality and political subdivision (the “**Participant**”) in order to finance construction improvements for a wastewater system project, as more fully described herein. See “**PURPOSE AND USE OF PROCEEDS**” herein. The Authority and the Participant in the Series 2015A Bonds will enter into a Loan Agreement dated as of March 1, 2015, to provide for the repayment of the Loan, as described herein. In addition, the Authority has issued other series of its Bonds and made loans (“**Loans**”) to other Participants (the “**Participants**”) under the Authority’s financing program.

THE SERIES 2015A BONDS AND THE LOAN—*The Series 2015A Bonds are revenue bonds of the Authority. The Loan constitutes a loan from the Authority to the Participant. The Participant is required by its Loan Agreement with the Authority (the “Loan Agreement”) to issue and sell its promissory note or bonds (the “Municipal Bonds”) to the Authority as evidence of its Loan obligations and the payments due on the Municipal Bonds will be equal to the Repayment Installments, as described herein.*

SECURITY—The Series 2015A Bonds are limited obligations of the Authority and the interest thereon, principal thereof and premiums, if any, are payable solely from (i) all amounts payable to the Authority pursuant to all Loan Agreements for all Authority Bonds and moneys intercepted by the Authority from moneys due the Participants from the State pursuant to Section 67-8727, Idaho Code, (ii) all investment earnings on amounts held by the Trustee pursuant to the Trust Agreement, (iii) State Sales Tax Revenues, defined herein, and (iv) all other moneys received by the Authority and designated by the Authority as available to make payments on the Series 2015A Bonds (collectively, the “**Revenues**”). In addition, the Participant will maintain a debt reserve fund as additional security for the Loan. All of the Authority’s Bonds including the Series 2015A Bonds are equally secured by a pledge of and charge and lien upon the Revenues held in trust as security for the payment of the interest on and principal of and redemption premiums, if any, on the Authority’s Bonds including the Series 2015A Bonds as provided under the Trust Agreement. This pledge constitutes a pledge of and charge and lien upon the Revenues on a parity with Funded Debt, if any, as defined herein, and all other moneys on deposit in the funds and accounts established under the Trust Agreement (excluding amounts on deposit in the Rebate Fund) for the payment of the interest on and principal of the Bonds including the Series 2015A Bonds. The pledge of and charge and lien upon State Sales Tax Revenues, however, is subordinate to State tax anticipation notes issued pursuant to Section 63-3202, Idaho Code, as amended. THE SERIES 2015A BONDS ARE NOT A DEBT OF THE STATE OR ANY OF ITS POLITICAL SUBDIVISIONS, AND NEITHER THE STATE NOR ANY OF ITS POLITICAL SUBDIVISIONS IS LIABLE THEREON, NOR IN ANY EVENT SHALL THE SERIES 2015A BONDS BE PAYABLE OUT OF ANY FUNDS OR PROPERTIES OTHER THAN THOSE OF THE AUTHORITY AS PROVIDED UNDER THE TRUST AGREEMENT AND THE ACT. THE SERIES 2015A BONDS DO NOT CONSTITUTE INDEBTEDNESS WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY LIMITATION OR RESTRICTION. THE LOAN, HOWEVER, FUNDED BY THE SERIES 2015A BONDS DOES CONSTITUTE INDEBTEDNESS OF THE PARTICIPANT WITHIN THE MEANING OF CONSTITUTIONAL AND STATUTORY LIMITATIONS OR RESTRICTIONS. Revenues for the Bonds including the Series 2015A Bonds include moneys intercepted by the Authority from monies which may be due to the Participant from the State pursuant to Sections 63-3638 and 67-8727, Idaho Code (the “**State Intercept**”), to the extent such funds are lawfully available in accordance with Idaho Code 67-8725(2)(b), as defined herein.

PRINCIPAL AND INTEREST PAYMENTS—The principal of and premium, if any, and interest on the Series 2015A Bonds will be payable by the Trustee, solely from any amounts available in the funds and accounts established under the Loan Agreement and the Trust Agreement described herein, to DTC which, in turn, will remit such principal and interest to the DTC Participant, defined herein, for subsequent disbursement to the beneficial owners of the Series 2015A Bonds. Interest on the Series 2015A Bonds will be payable on September 15, 2015, and *semiannually* thereafter on September 15 and March 15 of each year until maturity or redemption.

MATURITY SCHEDULE – SEE INSIDE COVER

REDEMPTION—The Series 2015A Bonds are subject to redemption as further described herein.

TAX MATTERS—*In the opinion of Skinner Fawcett LLP, Bond Counsel to the Authority (“Bond Counsel”), based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Series 2015A Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, and is exempt from State of Idaho personal income taxes. In the further opinion of Bond Counsel, interest on the Series 2015A Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, although Bond Counsel observes that such interest is included in adjusted current earnings when calculating corporate alternative minimum taxable income. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the accrual or receipt of interest on, the Series 2015A Bonds. See “LEGAL AND TAX MATTERS.”*

DELIVERY—The Series 2015A Bonds are offered for sale to the bond purchaser subject to receiving the final approving legal opinion of Skinner Fawcett LLP as Bond Counsel to the Authority, and certain other conditions. Certain legal matters with respect to the Loan Agreement will be passed on for the Participant by Moore Smith Buxton & Turcke, Chartered, Boise, Idaho. It is expected that the Series 2015A Bonds will be available for delivery to the Trustee for Fast Automated Securities Transfer on behalf of DTC on or about March 5, 2015 (the “Date of Delivery”).

The Trustee

The Authority has appointed The Bank of New York Mellon Trust Company, N.A., a national banking association organized under the laws of the United States, to serve as Trustee for the Series 2015A Bonds, and The Bank of New York Mellon Trust Company, N.A. replaced U.S. Bank National Association as Trustee under the Trust Agreement effective February 1, 2012. The Trustee is to carry out those duties assignable to and accepted by it under the Trust Agreement. Except for the contents of this section and the description of the Trustee's responsibilities under the Trust Agreement, the Trustee has not reviewed or participated in the preparation of this Official Statement and does not assume any responsibility for the nature, completeness, contents or accuracy of the Official Statement.

The Trustee has no oversight responsibility and is not accountable for the use or application by the Authority of any of the Series 2015A Bonds authenticated or delivered pursuant to the Trust Agreement or for the use or application of the proceeds of such Series 2015A Bonds by the Authority. The Trustee has not evaluated the risks, benefits, or propriety of any investment in the Series 2015A Bonds and makes no representation, and has reached no conclusions, regarding the value or condition of any assets pledged or assigned as security for the Series 2015A Bonds, the technical or financial feasibility of the Projects, or the investment quality of the Series 2015A Bonds, about all of which the Trustee expresses no opinion and expressly disclaims the expertise to evaluate.

Additional information about the Trustee and its services may be found at The Bank of New York Mellon Trust Company, N.A.'s, website at www.bnymellon.com/corporatetrust. The Bank of New York Mellon Trust Company, N.A.'s website is not incorporated into this Official Statement by such reference and is not a part hereof.

Book-Entry Registration

The Series 2015A Bonds are issuable in fully registered form and, when issued, will be registered in the name of Cede & Co. as Bond Owner and as nominee for The Depository Trust Company ("DTC"), New York, New York. DTC will act as securities depository for the Series 2015A Bonds. Individual purchases and sales of the Series 2015A Bonds may be made in book-entry form only in minimum denominations of \$5,000 within a single maturity and integral multiples thereof. Purchasers ("**Beneficial Owners**") will not receive certificates representing their interest in the Series 2015A Bonds.

The ownership of one fully registered certificate for each maturity of the Series 2015A Bonds, as set forth on the inside cover page of this Official Statement, each in the aggregate principal amount of the Series 2015A Bonds of such maturity, will be registered in the name of Cede & Co., as nominee for DTC.

The principal of and premium, if any, and interest on the Series 2015A Bonds will be payable by the Trustee to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC, which, in turn, will be obligated to remit such principal, premium and interest to its participants for subsequent disbursement to the Beneficial Owners of the Series 2015A Bonds, as further described in **Appendix C** attached hereto.

Notwithstanding any other provision to the contrary, so long as all Series 2015A Bonds Outstanding are registered in the name of any nominee of DTC, all payments with respect to the principal of and premium, if any, and interest on each such Series 2015A Bond and all notices with respect to each such Series 2015A Bond shall be made and given, respectively, to DTC as provided in or pursuant to the Representation Letter.

Procedure in the Event of Discontinuation of Book-Entry Transfer System

In the event that the Authority determines that the Series 2015A Bonds should not be maintained in book-entry form, the Trustee shall, upon the written instruction of the Authority, notify DTC, whereupon DTC shall notify the Bond Owner of the availability through DTC of bond certificates. In such event, the Series 2015A Bonds will be transferable upon receipt by the Trustee from the registered owner thereof of the Series 2015A Bonds to be transferred or exchanged and appropriate instruments of transfer to the permitted transferee. If at any time DTC shall no longer be registered or in good standing under the Securities Exchange Act or other applicable statute or regulation and a successor securities depository is not appointed by the Authority within 90 days after the Authority receives notice or becomes aware of such condition, as the case may be, then the Authority shall execute and the Trustee shall authenticate and deliver certificates representing the Series 2015A Bonds. If the Series 2015A Bonds cease to be in book-entry only form, the Trustee is required to mail by first class mail, postage prepaid, each interest payment on the Interest Payment Date (or the next Business Day if the Interest Payment Date is not a Business Day) to the name and address of the Bond Owners (see **Appendix A**) as they appear on the Series 2015A Bond register as of the Record Date; provided, however, that interest on any Series of Bonds shall be paid by wire transfer or other means to provide immediately available funds to any Bond Owner of at least \$1,000,000 in aggregate principal amount of such Series of Bonds, at its option, according to wire instructions given to the Trustee in writing for such purpose and on file prior to the applicable Record Date preceding the Interest Payment Date. Principal of each Series 2015A Bond shall be paid only on or after the stated maturity date thereof or date fixed for earlier prepayment thereof, and then only upon presentation and surrender of such Series 2015A Bond to the Trustee at its corporate trust operations office in San Francisco, California.

Any Series 2015A Bond may, in accordance with its terms, be transferred by the person in whose name it is registered in the books required to be kept by the Trustee upon surrender of such Series 2015A Bond for cancellation accompanied by delivery of a duly executed written instrument of transfer in a form acceptable to the Trustee. Whenever any Series 2015A Bond shall be surrendered for transfer, the Authority shall execute and the Trustee shall authenticate and deliver to the transferee a new Series 2015A Bond and maturity for a like aggregate principal amount in \$5,000 denominations or integral multiples thereof. The Trustee shall require the payment by the Series 2015A Bond Owner requesting such transfer of any tax or other governmental charge required to be paid with respect to such transfer as a condition precedent to the exercise of such privilege.

Description of the Series 2015A Bonds

Authority for Issuance and Use of Proceeds of the Series 2015A Bonds

An authorizing resolution was approved by the governing body of the Authority (the “**Bond Resolution**”).

The Bond Resolution authorizes the Authority to execute a loan agreement with the Participant dated as of March 1, 2015 (the “**Loan Agreement**”). The Loan Agreement and Municipal Bond for the City of Pocatello are payable from System Net Revenues. See “**Loan Agreement for the Series 2015A Bonds**” herein.

The proceeds of the Series 2015A Bonds are to be applied by the Authority to acquire the Loan of the Participant. Interest and principal payments due on the Participant’s Municipal Bond will equal the interest components and principal components of such Participant’s Loan Agreement with the Authority (“**Repayment Installments**”).

Security and Sources of Payment of the Series 2015A Bonds

The Bonds, including the Series 2015A Bonds, are limited obligations of the Authority and the Repayment Installments are payable solely from (i) all amounts payable to the Authority pursuant to the Loan Agreements for all Authority Bonds and moneys intercepted by the Authority from monies due to the Participants from the State pursuant to Section 67-8727, Idaho Code (the “**State Intercept**”) to the extent such funds are lawfully available in accordance with Idaho Code 67-8725(2)(b), (ii) all investment earnings on amounts held by the Trustee pursuant to the Trust Agreement, (iii) State Sales Tax Revenues, defined herein, and (iv) all other moneys received by the Authority and designated by the Authority as Revenues (collectively, the “**Revenues**”). All of the Bonds, including the Series 2015A Bonds, are equally secured by a pledge of and charge and lien upon the Revenues, and in trust as security for the payment of the interest on and principal of and redemption premiums, if any, on the Series 2015A Bonds as provided under the Trust Agreement. This pledge constitutes a pledge of and charge and lien upon the Revenues on a parity with Funded Debt of the Authority, if any, as defined herein, and all other moneys on deposit in the funds and accounts established under the Trust Agreement (excluding amounts on deposit in the Rebate Fund) for the payment of the interest on and principal of the Bonds, including the Series 2015A Bonds. The pledge of and charge and lien upon State Sales Tax Revenues, however, is subordinate to certain State tax anticipation notes issued pursuant to Section 63-3202, Idaho Code, as amended. See “**SECURITY FOR THE SERIES 2015A Bonds - State Sales Tax Account**” and “**APPENDIX A - Definitions**” herein. In this Official Statement, the term "State Sales Tax Moneys" refers to money collected by the State pursuant to the Sales Tax Act. The term "State Sales Tax Revenues" refers to moneys transferred to the Authority as provided in the Sales Tax Act and the Act in the event of a failure by Participant to pay its Loan when due and the failure of the State Intercept described below.

State Revenues Intercept. The Loan Agreements for the Participants require interception of revenues collected by the State and distributed to the Participants under certain circumstances. In this case, such intercepted revenues are pledged as additional security for the Bonds, including the Series 2015A Bonds. See “**STATE SALES TAX ACCOUNT**” and “**STATE INTERCEPT PAYMENTS**” herein.

In addition, the Participant will maintain a debt service reserve fund for its loan to make payments on the Series 2015A Bonds. The reserve requirement for the Participant will be met through a surety bond policy with Assured Guarantee Municipal Corp. See also “**Reserve Fund**”, below.

The Series 2015A Bonds are not a debt of the State or any of its political subdivisions, and neither the State nor any of its political subdivisions is liable thereon, nor in any event shall the Series 2015A Bonds be payable out of any funds or properties other than those of the Authority as provided under the Trust Agreement and the Act. The Series 2015A Bonds do not constitute indebtedness within the meaning of any constitutional or statutory limitation or restriction. The Loan, however, funded by the Series 2015A Bonds does constitute indebtedness of Participant within the meaning of constitutional and statutory limitations or restrictions.

Loan Agreement for the Series 2015A Bonds

Loan Agreement - Municipal Bonds Payable from System Net Revenues. The Participant shall issue Municipal Bonds payable from System Net Revenues. More detailed summaries of certain terms of the Loan Agreement for Participant is set forth in **Appendix E** hereto. A brief summary thereof is set forth below:

The Participant, whose Loan Agreement and Municipal Bond is payable from System Net Revenues, is required under the terms of its Loan Agreement to agree and covenant that all System Revenues shall be received by Participant in trust and deposited when and as received in a special fund designated as the “**Income Fund**,” which fund is required to be maintained and held separate and apart from other funds of Participant so long as any Repayment Installments remain unpaid. To the extent Participant has an existing fund which satisfies these requirements then such shall be deemed to be the Income Fund. Participant may maintain separate accounts within the Income Fund. The amounts in the Income Fund shall be invested in Permitted Investments.

All System Net Revenues are irrevocably pledged to the payment of the Repayment Installments and the System Net Revenues shall not be used for any other purpose while any of the Repayment Installments

remain unpaid; provided that (i) any Prior Obligations shall be paid on parity with the Repayment Installments, and (ii) out of the System Revenues there may be apportioned such sums for such purposes as are expressly permitted by the Loan Agreement. The Participant's obligation to pay Repayment Installments and all other Parity Debt, when due, constitutes a first lien on System Net Revenues.

The Participant shall, from the moneys in the Income Fund, pay the Operation and Maintenance Costs, including amounts reasonably required to be set aside in contingency reserves for Operation and Maintenance Costs, the payment of which is not then immediately required, as such Operation and Maintenance Costs become due and payable. Thereafter, all remaining moneys in the Income Fund shall be set aside by the Participant at the following times for the transfer to the following respective special funds in the following order of priority; and all moneys in each of such funds shall be held in trust and shall be applied, used and withdrawn only for the purposes set forth below:

First, for Repayment Installments. Not later than 15 days prior to the date that each Repayment Installment is due (the "**Repayment Installment Date**"), the Participant shall, from the moneys in the Income Fund, transfer to the Trustee the Repayment Installment due and payable on that Repayment Installment Date. The Participant shall also, from the moneys in the Income Fund, transfer to the applicable trustee for deposit in the respective payment fund, without preference or priority, and in the event of any insufficiency of such moneys ratably without any discrimination or preference, any other Parity Obligation Payments in accordance with the provisions of any Parity Debt.

Second, for Surplus. Moneys on deposit in the Participant's Income Fund not necessary to make any Repayment Installments or other Parity Obligation Payments may be expended by the Participant at any time for any purpose permitted by law.

Reserve Fund. The reserve requirement will be met, through a surety bond policy with Assured Guarantee Municipal Corp.

Revenue Pledge. The System Net Revenues, as herein defined, are pledged by the Participant with System Net Revenues for the prompt payment of the Repayment Installments and other amounts due.

Other Provisions of Loan Agreement. The Participant understands that the State Intercept and repayment procedures contained in and required by Section 67-8727, Idaho Code, as amended, will provide funds to pay the Series 2015A Bonds, not the Loan obligations. If interceptable funds are used to pay the 2015A Bonds, this does not satisfy the requirement to pay the loan obligation to the Authority.

Repayment Installments. The Participant covenants and agrees to pay to the Trustee the Repayment Installments and any other amounts then due on the Loan to the Authority at least fifteen (15) days prior to the Repayment Installment Dates.

NO PARTICIPANT IS REQUIRED TO PAY ANY PORTION OF ANY ANOTHER PARTICIPANT'S REPAYMENT INSTALLMENTS, RESERVE REQUIREMENT OR OTHER OBLIGATION UNDER A LOAN AGREEMENT.

Redemption Provisions of the Series 2015A Bonds

Optional Redemption. The Series 2015A Bonds maturing on or prior to September 15, 2024, are not subject to optional redemption. The Series 2015A Bonds maturing on and after September 15, 2025, are subject to optional redemption prior to maturity at the written direction of the Authority, from any moneys deposited by the Authority, as a whole or in part on any date on or after September 15, 2024, and among such maturities as are designated by the Authority to the Trustee, at the price of par, plus accrued interest, if any, to the date of redemption.

As provided in the Loan Agreement, the Participant may prepay its Repayment Installments at the times the Series 2015A Bonds may be redeemed. The principal component of the Repayment Installments to be prepaid by Participant is required to correspond in amount and maturity date to the Series 2015A Bonds related to Participant's

Loan Agreement. Under no circumstances may Participant prepay its Repayment Installments prior to the optional redemption dates associated with the Series 2015A Bonds, as described in Participant’s Loan Agreement.

Selection of Series 2015A Bonds for Redemption. If fewer than all of the 2015A Bonds are to be optionally redeemed prior to maturity, the Trustee, upon written direction of the Authority, will redeem bonds within such maturities as are designated by the Authority to the Trustee.

Mandatory Redemption

The Term Bond stated to mature on September 15, 2029 is subject to mandatory sinking fund redemption at par in the principal amounts and on the dates shown in the following schedule:

<u>Year</u>	<u>Amount</u>
<u>(September 15)</u>	
2028	\$1,365,000
2029*	\$1,405,000

*Final maturity.

Notice of Redemption. Notice of redemption shall be mailed to the Bond Owner by first-class mail by the Trustee, not less than 30 nor more than 60 days prior to the redemption date, to (i) the respective Owners of the Series 2015A Bonds designated for redemption at their addresses appearing on the registration books of the Trustee, (ii) the Securities Depositories and (iii) one or more Information Services. Each notice of redemption shall state that on said date there will become due and payable on each of said Series 2015A Bonds the redemption price thereof, together with interest accrued thereon to the redemption date, and that from and after such redemption date interest thereon shall cease to accrue, and shall require that such Series 2015A Bonds be then surrendered at the address of the Trustee specified in the redemption notice. Failure to receive such notice or any defect in such notice shall not invalidate any of the proceedings taken in connection with such redemption.

Conditional Redemption. Any notice of optional redemption to the Registrar or to the Bond Owners may state that the optional redemption is conditional upon receipt by the Registrar of moneys sufficient to pay the redemption price of such 2015A Bonds or upon the satisfaction of any other condition, and/or that such notice may be rescinded upon the occurrence of any other event, and any conditional notice so given may be rescinded at any time before payment of such redemption price if any such condition so specified is not satisfied or if any such other event occurs. Notice of such rescission or of the failure of any such condition shall be given by the Registrar to affected Bond Owners as promptly as practicable upon the failure of such condition or the occurrence of such other event.

Continuing Disclosure

Securities and Exchange Commission Rule 15c2-12 (the “**Rule**”) requires at least annual disclosure of current financial information and timely disclosure of certain events with respect to the Series 2015A Bonds. Pursuant to the Rule, the Authority has agreed to provide, or cause to be provided, to the Municipal Securities Rulemaking Board through the Electronic Municipal Market Access System (“**EMMA**”) at www.emma.msrb.org (the “**Repository**”), audited financial information of the Authority and certain supplemental financial information including information regarding the State Sales Tax Revenues and balances in the Surplus Fund and the Revenue Fund (the “**Supplemental Information**”). In addition, the Authority has agreed to provide, or cause to be provided, to the Repository, notice of certain events, pursuant to the requirements of Section (b)(5)(i) of the Rule.

The Authority has adopted continuing disclosure policies (the “**Policies**”) which provide procedures for compliance with the continuing disclosure provisions of the Rule and for reporting to EMMA as provided in the Rule and the Continuing Disclosure Agreement (defined below) as well as for annual training for Authority staff involved in continuing disclosure reporting under the Rule. Under the Policies, the Treasurer of the Authority with the assistance of a dissemination agent has been assigned responsibility to assure that future continuing disclosure filings are done on a timely basis. Included in the Policies are provisions for determining whether a Participant’s payments on all of its Municipal Bond obligations, based on the revenue pledged therefor as a percentage of the total Revenues pledged for the Authority’s Bonds, exceeds 10% (the “**10% Test**”) and thereby the Participant constitutes an “obligated person” under the Rule. If a Participant is or becomes an “obligated person,” then it will be required to execute an undertaking to comply with the continuing disclosure requirements of the Rule and to file its annual report with EMMA. There are

currently no Participants that meet the 10% Test, including the Participant under the Series 2015A Bonds, and therefore, none are “obligated persons.”

The form of the Continuing Disclosure Agreement between the Authority and the Trustee as dissemination agent is included in **Appendix D**, attached hereto (the “**Continuing Disclosure Agreement**”).

The Authority filed its Supplemental Information for Fiscal Year 2011, which was due on December 31, 2011, on February 13, 2012. The Authority discovered this late filing in the spring of 2014 and has filed with the MSRB a notice of its failure to file the Fiscal Year 2011 Supplemental Information on a timely basis.

Prior to the Series 2014C Bonds, Participants, though not then designated as “obligated persons” under the Rule, were required pursuant to their loan agreements with the Authority to provide certain financial information to EMMA in an effort to provide additional disclosure regarding the Authority’s program. Now in order to facilitate the Authority’s administration of Participant reporting and compliance, only Participants who meet the 10% Test and are therefore “obligated persons” are required to enter into a continuing disclosure undertaking, provided that the Participants in prior Bond issues will continue to be required to honor their undertakings. Although there have been late filings by some of these Participants in prior Authority Bond issues, the Authority does not believe those to be material in view of the fact that these Participants did not and still do not meet the 10% Test. See the chart at the back of **Appendix F** hereto which sets forth the record of late filings by Participants in prior Authority Bond issues.

Although the Authority has not concluded that any of these instances of noncompliance were material to the market, the Authority participated in the SEC’s Municipalities Continuing Disclosure Cooperation Initiative (the “MCDC Initiative”). No assurance can be made whether the SEC will or will not pursue the remedies outlined in the MCDC Initiative.

The Authority has developed additional procedures in the Policy to help ensure that its continuing disclosure obligations are complied with in all material respects. Other than as described above, the Authority believes that it is currently in compliance in all material respects with each of its previous continuing disclosure undertakings for the previous five (5) years.

A failure by the Authority or any “obligated person” to comply with a continuing disclosure undertaking as set forth in the Continuing Disclosure Agreement will not constitute an event of default under the Trust Agreement. Owners of the Series 2015A Bonds may be limited to the remedies described in the respective Trust Agreement. A failure by the Authority to comply with a continuing disclosure undertaking must be reported in accordance with the Rule and must be considered by any broker, dealer or municipal securities dealer before recommending the purchase or sale of the Series 2015A Bonds in the secondary market. Consequently, such a failure may adversely affect the transferability and liquidity of the Series 2015A Bonds and their market price.

Security for the Series 2015A Bonds

General

The Bonds including the Series 2015A Bonds are limited obligations of the Authority and the interest thereon, principal thereof and premiums, if any, are payable solely from the amounts shown below (collectively, the “**Revenues**”):

- (i) all amounts payable to the Authority pursuant to Loan Agreements, for all Bonds including interceptable revenues from the State as applicable,
- (ii) all investment earnings on amounts held by the Trustee pursuant to the Trust Agreement,
- (iii) State Sales Tax Revenues, and
- (iv) all other moneys received by the Authority and designated by the Authority as Revenues.

The pledge in Section 67-8716(4), Idaho Code, provides that the State will not alter or limit the pledge of State Sales Tax Revenues from the sales tax account of the State (the “**Sales Tax Account**”) until the Series 2015A Bonds are

paid in full. All of the Bonds including the Series 2015A Bonds are equally secured by a pledge of and charge and lien upon the Revenues, and in trust as security for the payment of the interest on and principal of and redemption premiums, if any, on the Bonds including the Series 2015A Bonds as provided under the Trust Agreement. This pledge shall constitute a pledge of and charge and lien upon the Revenues on parity with all indebtedness of the Authority secured by any pledge, lien, security interest, encumbrance or charge of any kind on or in all or any part of the Revenues which is equal and ratable to the lien of the Trust Agreement on or in such Revenues or Funded Debt, if any, and all other moneys on deposit in the funds and accounts established under the Trust Agreement (excluding amounts on deposit in the Rebate Fund) for the payment of the interest on and principal of the Bonds including the Series 2015A Bonds. The pledge of and charge and lien upon State Sales Tax Revenues, however, is subordinate to certain State tax anticipation notes currently outstanding or subsequently issued pursuant to Section 63-3202, Idaho Code. See “**APPENDIX E -- SUMMARY OF CERTAIN PROVISIONS OF THE TRUST AGREEMENT AND THE FORM OF LOAN AGREEMENT**” attached hereto.

THE SERIES 2015A BONDS ARE NOT A DEBT OF THE STATE OR ANY OF ITS POLITICAL SUBDIVISIONS, AND NEITHER THE STATE NOR ANY OF ITS POLITICAL SUBDIVISIONS IS LIABLE THEREON, NOR IN ANY EVENT SHALL THE SERIES 2015A BONDS BE PAYABLE OUT OF ANY FUNDS OR PROPERTIES OTHER THAN THOSE OF THE AUTHORITY AS PROVIDED UNDER THE TRUST AGREEMENT AND THE ACT. THE SERIES 2015A BONDS DO NOT CONSTITUTE INDEBTEDNESS WITHIN THE MEANING OF ANY CONSTITUTIONAL OR STATUTORY LIMITATION OR RESTRICTION. THE LOAN, HOWEVER, FUNDED BY THE SERIES 2015A BONDS DOES CONSTITUTE INDEBTEDNESS OF THE PARTICIPANT WITHIN THE MEANING OF CONSTITUTIONAL AND STATUTORY LIMITATIONS OR RESTRICTIONS.

PURSUANT TO SECTION 67-8724 OF THE ACT, THE STATE HAS PLEDGED NOT TO IMPAIR BONDHOLDER RIGHTS UNDER SECTION 67-8724 OF THE ACT. THE STATE ALSO PLEDGES AND AGREES WITH THE OWNERS OF THE BONDS, PURSUANT TO SECTION 67-8724 OF THE IDAHO CODE, THAT THE STATE WILL NOT LIMIT OR ALTER THE RIGHTS VESTED IN THE AUTHORITY BY THE ACT TO FULFILL THE TERMS OF ANY AGREEMENTS MADE WITH SUCH OWNERS, OR IN ANY WAY IMPAIR THE SECURITY, RIGHTS OR REMEDIES OF THE OWNERS OF THE BONDS UNTIL THE BONDS, TOGETHER WITH INTEREST THEREON, ARE FULLY PAID AND DISCHARGED. THE STATE PLEDGES TO AND AGREES WITH THE OWNERS OF THE BONDS THAT THE STATE WILL NOT ALTER, IMPAIR OR LIMIT THE RIGHTS VESTED BY THE SALES TAX ACCOUNT PLEDGE PROVIDED IN SECTIONS 67-8716 AND 63-3638, IDAHO CODE, WITH RESPECT TO THE BONDS UNTIL THE BONDS, TOGETHER WITH APPLICABLE INTEREST, ARE FULLY PAID AND DISCHARGED. THE AUTHORITY IS AUTHORIZED TO INCLUDE THIS PLEDGE AND AGREEMENT IN ANY INDENTURE, TRUST AGREEMENT OR OTHER AGREEMENT WITH THE HOLDERS OF SUCH BONDS. THIS PLEDGE HAS BEEN INCLUDED IN THE TRUST AGREEMENT.

Additional Bonds

Additional Bonds may be issued by the Authority under and pursuant to the Trust Agreement and subject to the conditions set forth therein. See “**APPENDIX E -- SUMMARY OF CERTAIN PROVISIONS OF THE TRUST AGREEMENT AND THE FORM OF LOAN AGREEMENT -- Additional Bonds.**”

Funded Debt

Funded Debt, which is debt of the Authority secured by a pledge, lien, security interest, encumbrance or charge of any kind on or in all or any part of the Revenues, which is equal and ratable to the lien of the Trust Agreement on or in such Revenues, may be issued by the Authority under and pursuant to the Trust Agreement and subject to the conditions set forth therein. See “**APPENDIX E -- SUMMARY OF CERTAIN PROVISIONS OF THE TRUST AGREEMENT AND THE FORM OF LOAN AGREEMENT.**”

Flow of Funds

All money in each of the accounts held in trust by the Trustee is required by the Trust Agreement to be applied, used and withdrawn only for the purposes outlined below.

At least 15 days before each Interest Payment Date, the Trustee shall set aside from the Revenue Fund and deposit in the Interest Account that amount of money sufficient to pay the amount of interest becoming due and payable on all Outstanding Bonds on the next succeeding Interest Payment Date. No deposit need be made in the Interest Account if

the amount contained therein and available to pay interest on the Series 2015A Bonds is at least equal to the aggregate amount of interest becoming due and payable on all Series 2015A Bonds on such Interest Payment Date.

At least 15 days before each September 15, commencing September 15, 2015, the Trustee shall set aside from the Revenue Fund and deposit in the Principal Account an amount of money equal to the principal amount of all Series 2015A Bonds maturing on such September 15. No deposit need be made in the Principal Account if the amount contained therein and available to pay principal of the Series 2015A Bonds is at least equal to the aggregate amount of the principal of all Series 2015A Bonds maturing on such September 15.

The Trustee shall withdraw from the Revenue Fund and deposit in the Subordinated Indebtedness Fund the amount, if any, required to be deposited therein pursuant to each Subordinated Indebtedness Trust Agreement to pay the principal, redemption price, and purchase price of, and interest on, Subordinated Indebtedness, if any, which will accrue to the end of such month, and any amounts required to replenish any reserve fund with respect to such Subordinated Indebtedness, in such amounts as shall be specified in a written request signed by an Authorized Representative. Currently, there is no Subordinated Indebtedness of the Authority.

On June 30 of each year, after making the required deposits into the Interest Account, Principal Account and Subordinated Indebtedness Fund, the Trustee may withdraw from the Revenue Fund and transfer to the Authority for deposit in the Surplus Fund the balance, if any, of moneys remaining in the Revenue Fund.

If on any date the amount in the Revenue Fund shall be less than the requirement of such Revenue Fund, and there shall not be on deposit in the Surplus Fund available moneys sufficient to cure any such deficiency, then the Trustee shall withdraw from the Subordinated Indebtedness Fund, if any, and deposit in the Revenue Fund the amount necessary (or all the moneys in the Subordinated Indebtedness Fund, if less than the amount required) to make up any such deficiency.

If on any date the amount in the Revenue Fund shall be less than the requirement of such Revenue Fund or the amount in the Subordinated Indebtedness Fund shall be less than the requirement of such Subordinated Indebtedness Fund, then the Authority shall transfer to the Trustee from the Surplus Fund; first to the Revenue Fund, second to the Subordinated Indebtedness Fund, and third to the Rebate Fund, as the case may be, the amount necessary (or all the moneys in the Surplus Fund if less than the amount necessary) to make up any such deficiency.

State Sales Tax Revenues

Pledge. The State Sales Tax Revenues are part of the Trust Estate pledged to the repayment of principal and interest on the Series 2015A Bonds. The State Sales Tax Revenues are comprised of retail sales taxes and taxes on rentals of tangible personal property, admission fees and fees for recreation or hotel/motel rooms of up through 30 days. Use tax applies if sales tax was not paid at the point of purchase. Exemptions include utilities, motor fuels, prescription drugs, tangible personal property used in manufacturing, farming, processing, mining and fabricating.

In the event a Participant fails to make Repayment Installment Payments sufficient to make full payment of principal of and interest on the Series 2015A Bonds by the 10th day prior to the Payment Date of the Series 2015A Bonds, the Trustee is required to notify the Authority and State Treasurer, who shall intercept payments under the State Intercept (see "State Intercept Payments" herein), and if the State Intercept is insufficient to satisfy the full payment of principal and interest on the Series 2015A Bonds, the State Treasurer is required, pursuant to Section 67-8727(1)(e)(ii)(A) of the Act, to give notice to the Idaho State Tax Commission (the "**Tax Commission**") and pursuant to Section 67-8716 (2) of the Act to give notice to the State Controller, certifying the amount of the deficiency, at least 5 days prior to the Payment Date of the Series 2015A Bonds. After receipt of the certified notice from the State Treasurer, the State Controller shall, pursuant to the Act: (i) immediately fix the amount necessary and in the amount of the deficiency stated in the notice; and (ii) cause State sales tax receipts in the State general fund as defined in Section 67-1205, Idaho Code ("General Fund") to be transferred from the General Fund and deposited in the Bond Bank Authority Fund established in the State Treasury under Section 67-8716 (1), Idaho Code as amended and used to pay debt service on the Series 2015A Bonds; *provided however*, that the transfer of such sales tax moneys under the provisions of Section 67-8716 of the Act, shall not impede or otherwise limit the payment of sales tax moneys pledged for the payment on tax anticipation notes issued by the State pursuant to Section 63-3202, Idaho Code. See "**Senior Liens on State Sales Tax Money**" below.

Moneys transferred from State sales tax receipts to the Bond Bank Authority Fund shall be transferred to the Trustee and deposited in the Revenue Fund for the Series 2015A Bonds until there are sufficient amounts on deposit to pay principal of and interest on the Series 2015A Bonds on the Payment Date, and payments from the Municipality shall be transmitted to the State for reimbursement of any moneys transferred from the State sales tax receipts in the General Fund pursuant to Section 67-8716, Idaho Code, together with any interest or penalties established pursuant to Section 67-8725, Idaho Code.

As of the date of this Official Statement, the Authority has twenty-six series of revenue bonds outstanding that are on parity with the Series 2015A Bonds with respect to the pledge of the State Sales Tax Revenue: the Series 2004A Bonds, the Series 2006A Bonds, the Series 2006B Bonds, the Series 2007A Bonds, the Series 2007B Bonds, the Series 2008A, the Series 2008B Bonds, the Series 2008C Bonds, the Series 2008D Bonds, the Series 2008E Bonds, the Series 2009A Bonds, the Series 2009B Bonds, the Series 2009C Bonds, the Series 2010A Bonds the Series 2010B Bonds, the Series 2010C Bonds, the Series 2011A Bonds, the Series 2012A Bonds, the Series 2012B Bonds, the Series 2012C Bonds the Series 2012D Bonds, the Series 2013A Bonds, the Series 2013B Bonds, the Series 2014A Bonds, the Series 2014B Bonds, and the Series 2014C Bonds (together with the Series 2015A Bonds, the “**Outstanding Bonds**”).

Appendix F attached hereto summarizes the outstanding Loans including the original amount of each Loan, the balance outstanding on each, the percentage of each of the total principal amounts of all of the Loans relating to the Loan Agreements, the percentage of each Loan’s payment amounts of the total available to pay debt service, the final maturity date of each, the payment for Fiscal Year 2014 of each, the percentage of each of total payment for the Outstanding Bonds for Fiscal Year 2014 and Pledged Revenues related to each Loan Agreement.

Senior Liens on State Sales Tax Moneys. From time to time, the State issues tax anticipation notes for cash flow purposes. Pursuant to Chapter 32, Title 63 of the Idaho Code, the State may borrow moneys in anticipation of general tax revenues (i.e., income and revenue from taxes, whether specific, *ad valorem*, excise, income, sales, franchise or license), in a principal sum not to exceed 75 percent of the income or revenue from such taxes that the State reasonably anticipates to be collected during the fiscal year. The State issued \$475,000,000 of Tax Anticipation Notes, Series 2014 (the “Series 2014 TAN”), on July 1, 2014, in anticipation of the general tax revenues to be received during the fourth quarter of Fiscal Year 2015 (April, May and June 2015). The State anticipates receiving total general tax revenues of \$978,917,000 in the fourth quarter of Fiscal Year 2015. The Series 2014 TAN is equal to 48.52 percent of anticipated Fiscal Year 2014 fourth quarter revenues and is within the 75 percent limit allowed by the Idaho Code. The lien of the TANs on the fourth-quarter State Sales Tax Moneys is superior to all other pledges including the Series 2015A Bonds. Principal payments on all bonds issued by the Authority occur in the first quarter of the State’s fiscal year and interest payments occur in the first and third quarters of the State’s fiscal year.

Listed below are the amounts borrowed and retirement dates of tax anticipation notes in the past ten fiscal years.

Idaho School Bond Guaranty Program

The Idaho School Bond Guaranty Act (the "Guaranty Act"), Title 33, Chapter 53, Idaho Code, and the Credit Enhancement Program for School Districts (the "Credit Enhancement Program"), Idaho Code section 57-728, were enacted for the purpose of establishing a default avoidance program for voter-approved general obligation bonds issued by Idaho public school districts. Created in 1999 by the Legislature, the Guaranty Act and the Credit Enhancement Program have been revised by subsequent legislation to clarify guaranty limits and procedures. Amending legislation, passed in 2009, clarified technical aspects of the Guaranty Act and the Credit Enhancement Program and created a two-tiered system of credit enhancement.

The Guaranty Act provides a pledge of the State Sales Tax Moneys to guarantee timely payment of the principal of and interest on the guaranteed bonds. Under the Guaranty Act, if a school district does not make timely payment of debt service on guaranteed bonds, the State Treasurer is required to gather sufficient funds to make the debt service payment on the guaranteed bonds from one or more of the following sources:

- (i) intercepting all or a portion of any payments from any source of operating moneys provided by the State to the school district that would otherwise be paid to the school district by the State (the "Interceptable Funds");
- (ii) requesting the State Controller to transfer to the Public School Guaranty Fund moneys from the State General Fund representing sales tax receipts of the State in an amount not to exceed the scheduled debt service payment;
- (iii) issuing notes; or
- (iv) negotiating a voluntary loan from funds administered by the Endowment Fund Investment Board.

Any of the actions under (ii), (iii) and (iv) above are required to be repaid by the school district and such repayment obligation is subject to the intercept of future Interceptable Funds due to the school district. If a school district is approved to participate in the Guaranty Act, it may also request approval from the Endowment Fund Investment Board to participate in the Credit Enhancement Program, which provides back-up liquidity provisions to the Guaranty Act. The Credit Enhancement Program makes \$200 million available from the Public School Endowment Fund to purchase any general obligation notes issued by the State Treasurer pursuant to the Guaranty Act. The amount of debt guaranteed by the Credit Enhancement Program may not be greater than four times the amount made available by the Public School Endowment Fund, which limits the guaranty of the Credit Enhancement Program to \$800 million of outstanding principal of bonds. On and after July 1, 2007, participation in the Credit Enhancement Program is limited to \$20 million in the aggregate per school district. However, bond guarantees exceeding the \$20 million limit prior to July 1, 2007, remain in effect.

As of December 31, 2014, \$900,658,635.34 is outstanding in principal under the Guaranty Act. Of that, \$491,448,572 is outstanding in principal under the Credit Enhancement Program.

The Guaranty Act provides that the State Treasurer may issue a certificate of eligibility which will be printed on the bonds and which is good for the life of the bonds.

Effective April 15, 2013, the Idaho School Bond Guaranty Program (ISBGP) has adopted a new set of policies which include a debt capacity that mirrors that of the Idaho Bond Bank Authority: the combined Authority and ISBGP maximum annual debt service can be no greater than 20% of the State Sales Tax Moneys collected by the State during the most recent fiscal year for which audited financial statements are available.

Idaho Bond Bank Authority Debt Capacity Policy

Bonds issued by the Authority and bonds guaranteed under the ISBGP are both secured by the State sales tax. In 2012 the Authority implemented a debt capacity policy with respect to the utilization by both programs of the sales tax pledge. The Authority's debt capacity policy states that the combined Authority and Idaho School Bond Guaranty maximum annual debt service can be no greater than 20% of the State Sales Tax Moneys collected by the State during the most recent fiscal year for which audited financial statements are available. As of the date of this Official Statement, the most recent fiscal year State Sales Tax Money collections for which audited financial statements are available is FY 2014, in which tax collections totaled \$1.401 billion. The combined maximum annual debt service on Authority and ISBGP bonds is \$133.6 million, including debt service associated with the 2015A Bonds. The resulting

combined percentage of maximum annual debt service to State Sales Tax Money collections, therefore, is currently 9.5%.

State Intercept Payments

The State collects certain revenues that are disbursed to local governments, including the Participants. Such revenues collected by the State and distributed to the Participants are subject, under the terms of the Act and the Loan Agreement for each Participant, to the State Intercept and repayment procedures contained in Section 67-8727, Idaho Code.

State-administered and collected revenues that are disbursed to local governments include State sales taxes (the “**State Shared Sales Tax**”), public school funds, liquor taxes, cigarette taxes (disbursed to counties) and fuel taxes among others. Although taxes on fuel are subject to the State Intercept, such tax receipts are restricted by the Idaho Constitution for use on roads and highway projects and may not be used for payment of principal of and interest on the Series 2015A Bonds.

The State Shared Sales Tax distributed to Participant represents the majority of interceptable funds that could be applied to make a payment on the Series 2015A Bonds. In the State’s Fiscal Year 2014, the State’s Shared Sales Tax, cigarette tax and liquor tax totaled \$190,641,481; the amount of State-administered and collected revenues distributed to the Series 2015A Participant totaled \$2,647,234.41 as broken down in the chart below:

State-Collected Taxes and Other Funds Subject to Intercept Fiscal Year 2014

State Shared Sales Tax*	\$2,054,719.14
Liquor Tax	\$592,515.00
Totals	\$2,647,234.41

* Does not include certain Sales Tax Revenues paid to the Counties for distribution to the Cities (under the base and excess distribution formula set forth under (iii) on the following page), which may, depending on certain legal conditions, also be subject to the State Intercept.

State Shared Sales Tax Revenue

Pursuant to Idaho Code 63-3638 (10), State Shared Sales Tax revenue is distributed through a revenue sharing account held by the State Treasury to cities, counties and special districts (the “**State Shared Revenues**”). Distributions to cities and counties are made at the end of each quarter, which is September 30, December 30, March 31, and June 30.

In 2003, the Idaho Legislative Session took two actions related to sales taxes. First, it increased the sales tax rate for the two-year period from May 1, 2003, through June 30, 2005. Second it reduced the amount available for distribution to the State Shared Revenue account through July 31, 2005. Similarly, in a special session in August 2006, the Idaho State Legislature increased the sales tax rate from 5 percent to 6 percent, effective October 1, 2006, and eliminated the M&O Levy on property taxes that supported public school districts.

(2) In a special session of the Idaho State Legislature in August 2006, the M&O Levy that supported public school districts was replaced with a one percent increase to the State’s sales tax, effective October 1, 2006, raising the sales tax rate to 6 percent from 5 percent.

(3) Changed to 6 percent on May 1, 2003.

The State Shared Revenues consist of eleven and one-half percent of all State Sales Tax Moneys collected under the Revenue and Taxation Act that is continuously appropriated for distribution to the revenue sharing account in the State Treasury. The State Shared Revenues are to be distributed as follows:

- (i) 28.2 percent to cities according to city population (50 percent) and assessed market value (50 percent).
- (ii) 28.2 percent to counties. Of this amount, \$1,320,000 is to be distributed equally among each of the counties and the balance is to be distributed based on county population.
- (iii) 35.9 percent to various counties for distribution to those cities and counties in Idaho that received payments under Section 63-3638(e) in the fourth quarter of calendar year 1999. Because of a “hold harmless” provision in the county distribution, cities receive a base, which is equal to the amount received in the fourth quarter of calendar year 1999. If sales tax collections fall below the 1999 level, payments to cities and counties are reduced proportionately. If sales tax receipts exceed this level, cities can receive revenues up to 5 percent above their base. Any excess in sales tax receipts over 105 percent of the base level is distributed half to cities and half to counties, and apportioned according to city population.
- (iv) 7.7 percent to the various counties for distribution to special purpose districts.

The Tax Commission collects State Sales Tax Moneys and conducts audits on such taxes. In addition, the Tax Commission collects hotel/motel room sales tax, corporate net income tax, electricity tax, estate tax, illegal drug stamp act tax, mine license tax, and personal income tax.

Pursuant to the Act, the Series 2004A Bonds, Series 2007A Bonds, Series 2008B Bonds, the Series 2008C Bond, the Series 2008D Bonds and the Series 2008E Bonds are subject to the State Intercept under certain circumstances.

After receipt of the certified notice from the State Treasurer, the State Controller shall, pursuant to the Act: (i) immediately fix the amount necessary in the amount of the deficiency stated in the notice; and (ii) cause State sales tax receipts in the General Fund to be transferred from the General Fund and be deposited in the Bond Bank Authority Fund to be used to pay debt service on the Series 2015A Bonds; provided however, that the transfer of moneys from the State sales tax receipts in the General Fund, under the provisions of Section 67-8716 of the Act, shall not impede or otherwise affect the payment of sales tax moneys pledged for the payment on other bonds outstanding as of July 1, 2001, if any, or tax anticipation notes issued by the State pursuant to Section 63-3202, Idaho Code. There are no such "other bonds outstanding as of July 1, 2001."

- (iv) As an alternative to the audit report requirement above, the Municipality may certify as to estimated or projected revenues without engineer or accountant verification if its certification shows that the System Net Revenues for the remainder of the projected life of the Parity Debt will be at least equal to 150% of the Maximum Annual Debt Service, or the Municipality may utilize a report of a Consulting Engineer or certified public accountant acceptable to the Authority that shows that the System Net Revenues for the remainder of the projected life of the Parity Debt will be at least equal to 125% of the Maximum Annual Debt Service. The Municipality may certify as to estimated or projected revenues without engineer or accountant verification if its certification shows that the System Net Revenues for the remainder of the projected life of the Parity Debt will be at least equal to 150% of the Maximum Annual Debt Service.

Credits from the Rate Stabilization Account may be posted in accordance with governmental accounting practices and procedures. Credits to or from the Rate Stabilization Account may relate to a prior fiscal year consistent with governmental accounting practices and procedures provided that such credits occur within the first quarter following the prior fiscal year. Earnings on the Rate Stabilization Account shall be credited to the Sewer Revenue Fund and shall be included in the definition of System Revenues for purposes of calculating debt service coverage.
- (b) Unless otherwise excluded, funds withdrawn from the Rate Stabilization Account shall be included as System Net Revenues for all rate requirement purposes under the Loan Agreement.

Transfers from Rate Stabilization Account. A Participant may transfer funds from the applicable Rate Stabilization Account to satisfy the rate requirements under the Loan Agreement. If a Participant transfers funds from the Rate Stabilization Account during the current fiscal year of the Participant or within the first quarter of the following

fiscal year and designates that such transfer shall relate to the immediately preceding fiscal year to satisfy such Rate Covenant, the Participant covenants for the benefit of the Authority and its Bondholders that going forward it will, as needed, charge rates and fees in connection with operation of the System which, when combined with other System Revenues, are adequate to generate System Net Revenues (exclusive of transfers from the Rate Stabilization Account) in the current fiscal year at least equal to 1.25 times the Annual Bond Debt Service due in that fiscal year. If the System Net Revenues fail to meet this level, the Participant will promptly increase its rates and fees or reduce expenses to a level so that System Net Revenues (exclusive of transfers from the Rate Stabilization Account) are projected to meet the required level. The Participant will demonstrate its compliance with the provisions of the Loan Agreement by providing a report to the Authority and the Trustee, at the time of delivery of the Participant's year-end audit that the Participant is not out of compliance with the Loan Agreement. This report will demonstrate the Participant's compliance with this covenant, or the methods by which Participant intends to achieve compliance with this covenant.

Rating

As noted on the cover page of this Official Statement, the Authority has received a rating of Aa1 for the Series 2015A Bonds from Moody's Investors Service. The rating reflects only the views of the rating agency and an explanation of the significance of the rating may be obtained from the rating agency. There is no assurance that the rating will be retained for any given period of time or that the rating will not be revised downward or withdrawn entirely by the rating agency if, in its judgment, circumstances so warrant. Any such downward revision or withdrawal of the rating will be likely to have an adverse effect on the market price of the Series 2015A Bonds.

Financial Factors

Municipalities in the State must obtain an audit and examination of its funds and account groups at least once each year pursuant to Idaho Code as required in Section 67-450B. Section 67-450B, Idaho Code allows Municipalities with expenditures between \$100,000 and \$250,000 to have a biennial audit and Municipalities with expenditures between \$50,000 and \$100,000 to have a biennial review. Municipalities having annual expenditures of less than \$50,000, with the exception of those entities receiving federal assistance, are exempt from this requirement. The required audit may be performed by independent public accountants certified by the State as capable of auditing Municipalities.

The Authority was formed in 2002. Prior to the Fiscal Year that ended September 30, 2007, the Authority's financial statement was incorporated as part of the State's audit.

A CONSENT OF THE INDEPENDENT AUDITOR WAS NOT REQUESTED. THE AUDITOR WAS NOT REQUESTED TO PERFORM AND HAS NOT PERFORMED ANY SERVICE IN CONNECTION WITH THE OFFERING OF THE SERIES 2015A BONDS AND IS THEREFORE NOT ASSOCIATED WITH THE OFFERING OF THE SERIES 2015A BONDS.

Legal and Tax Matters

Legal Matters

Legal matters incident to the authorization, issuance and sale of the Series 2015A Bonds are subject to the approving legal opinion of Bond Counsel, Skinner Fawcett LLP, Boise, Idaho, substantially in the form attached hereto as Appendix B. Moore Smith Buxton & Turcke, Chartered, Boise, Idaho, bond counsel to the City of Pocatello, Idaho, will provide an opinion with respect to Participant's Loan Agreement and Bonds.

Tax Matters

In the opinion of Bond Counsel, based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Series 2015A Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 and is exempt from State of Idaho personal income taxes. In the further opinion of Bond Counsel, interest on the Series 2015A Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, although Bond Counsel observes that such interest is included in adjusted current earnings when calculating corporate alternative minimum taxable income. A complete copy of the proposed form of opinion of Bond Counsel is set forth in **Appendix B** hereto.

To the extent the issue price of any maturity of the Series 2015A Bonds is less than the amount to be paid at maturity of such Series 2015A Bonds (excluding amounts stated to be interest and payable at least annually over the term of such Series 2015A Bonds), the difference constitutes "original issue discount," the accrual of which, to the extent properly allocable to each Beneficial Owner thereof, is treated as interest on the Series 2015A Bonds which is excluded from gross income for federal income tax purposes and is exempt from State of Idaho personal income taxes. For this purpose, the issue price of a particular maturity of the Series 2015A Bonds is the first price at which a substantial amount of such maturity of the Series 2015A Bonds is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The original issue discount with respect to any maturity of the Series 2015A Bonds accrues daily over the term to maturity of such Series 2015A Bonds on the basis of a constant interest rate compounded semiannually (with straight-line interpolations between compounding dates). The accruing original issue discount is added to the adjusted basis of such Series 2015A Bonds to determine taxable gain or loss upon disposition (including sale, redemption, or payment on maturity) of such Series 2015A Bonds. Beneficial Owners of the Series 2015A Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Series 2015A Bonds with original issue discount, including the treatment of beneficial owners who do not purchase such Series 2015A Bonds in the original offering to the public at the first price at which a substantial amount of such Series 2015A Bonds is sold to the public.

Series 2015A Bonds purchased, whether at original issuance or otherwise, for an amount higher than their principal amount payable at maturity (or, in some cases, at their earlier call date) (the "**Premium Series 2015A Bonds**") will be treated as having amortizable bond premium. No deduction is allowable for the amortizable bond premium in the case of Series 2015A Bonds, like the Premium Series 2015A Bonds, the interest on which is excluded from gross income for federal income tax purposes. However, the amount of tax-exempt interest received, and a beneficial owner's basis in a Premium Series 2015A Bond, will be reduced by the amount of amortizable bond premium properly allocable to such beneficial owner. Beneficial owners of Premium Series 2015A Bonds should consult their own tax advisors with respect to the proper treatment of amortizable bond premium in their particular circumstances.

The Code imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Series 2015A Bonds. The Authority and Participant have made certain representations and covenanted to comply with certain restrictions, conditions and requirements designed to ensure that interest on the Series 2015A Bonds will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the Series 2015A Bonds being included in gross income for federal income tax purposes, possibly from the date of original execution and delivery of the Series 2015A Bonds. The opinion of Bond Counsel assumes the accuracy of these representations and compliance with these covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken), or events occurring (or not occurring), or any other matters coming to Bond Counsel's attention after the date of execution and delivery of the Series 2015A Bonds may adversely affect the value of, or the tax status of interest on, the Series 2015A Bonds. Accordingly, the opinion of Bond Counsel is not intended to, and may not, be relied upon in connection with any such actions, events or matters.

Although Bond Counsel is of the opinion that interest on the Series 2015A Bonds is excluded from gross income for federal income tax purposes and is exempt from State of Idaho personal income taxes, the ownership or disposition of, or the accrual or receipt of interest on, the Series 2015A Bonds may otherwise affect a beneficial owner's federal, state or local tax liability. The nature and extent of these other tax consequences depends upon the particular tax status of the beneficial owner or the beneficial owner's other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

Current and future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the Series 2015A Bonds to be subject, directly or indirectly, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent beneficial owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals, clarification of the Code or court decisions may also affect, perhaps significantly, the market price for, or marketability of, the Series 2015A Bonds. Prospective purchasers of the Series 2015A Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, and regarding the impact of future legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

The opinion of Bond Counsel is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Bond Counsel's judgment as to the proper treatment of the Series 2015A Bonds for federal income tax purposes. It is not binding on the Internal Revenue Service ("IRS") or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the Authority and the Participants, or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the IRS. The Authority and the Participants have covenanted, however, to comply with the requirements of the Code.

Bond Counsel's engagement with respect to the Series 2015A Bonds ends with the issuance of the Series 2015A Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the Authority, the Participants or the beneficial owners regarding the tax-exempt status of the Series 2015A Bonds in the event of an audit examination by the IRS. Under current procedures, parties other than the Authority and the Participants and their appointed counsel, including the beneficial owners, would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax-exempt Series 2015A Bonds is difficult, obtaining an independent review of IRS positions with which the Authority and the Participants legitimately disagree, may not be practicable. Any action of the IRS, including but not limited to selection of the Series 2015A Bonds for audit, or the course or result of such audit, or an audit of Series 2015A Bonds presenting similar tax issues may affect the market price for, or the marketability of, the Series 2015A Bonds, and may cause the Authority, the Participants or the beneficial owners to incur significant expense.

The Initiative Process

Title 34, Chapter 18 of the Idaho Code reserves to the people of the State the initiative and referendum power pursuant to which measures designed to amend the Idaho Constitution or enact legislation, can be placed on the State-wide general election ballot for consideration by the voters. “**Referendum**” generally means measures which have been passed by the legislature and then referred to the electors by a legislative body, such as the State Legislative Session or the governing body of a city, county or other political subdivision, or by petition prior to its effective date. “**Initiative**” generally means a new measure placed before the voters as a result of a petition circulated by one or more private citizens.

Any person may file a proposed initiative with the signatures of 20 qualified electors of the State in the Idaho Secretary of State’s office. The Idaho Attorney General is required by law to review and make recommendations (if any) on the petition before issuing a review to the Secretary of State. The Attorney General, after a specified time period, shall then be directed by the Secretary of State to provide a ballot title for the initiative. Any elector that submitted written comments who is dissatisfied with the ballot title certified by the Attorney General may petition the Idaho Supreme Court seeking a revision of the certified ballot title.

Once the ballot title has been certified and the Secretary of State has authorized the petitioners, the proponents of the initiative, during an 18 month circulation period or until April 30 in an election year, whichever occurs first, may start gathering the initiative petition signatures necessary to place the proposed initiative on the ballot. To be placed on a general election ballot, the proponents of a proposed initiative must submit to the Secretary of State initiative petitions signed by a number of qualified voters equal to a specified percentage of the qualified electors at the general election next preceding the filing of the petition with the Secretary of State.

All petitions for initiative and referendum must contain signatures of registered voters equal to 6 percent of the qualified electors at the last general election (this would be 47,623 signatures based on the last general election, which was held on November 4, 2014) before being considered for final filing.

The initiative petition must be filed with the Secretary of State not less than four months prior to the general election at which the proposed measure is to be voted upon. State law permits persons circulating initiative petitions to pay money to persons obtaining signatures for the petition. If the person obtaining signature is being paid, the signature sheet must contain a notice of such payment.

Referendum petitions must be filed not more than 60 days after the final adjournment of the session of the Idaho State Legislature which passed the bill on which the referendum is demanded.

Current Referendums

There currently are no referendums scheduled for the next applicable general election.

Idaho Bond Bank Authority
Boise, Idaho

RE: Idaho Bond Bank Authority Revenue Bonds, Series 2015A

Ladies and Gentlemen:

This letter is addressed to the Idaho Bond Bank Authority as Issuer (the "Issuer") in connection with the purchase of \$22,315,000 aggregate principal amount of Idaho Bond Bank Authority Revenue Bonds, Series 2015A (the "Bonds") pursuant to a Master Trust Agreement, dated as of December 1, 2004, as supplemented most recently by a Twenty-Fifth Supplemental Trust Agreement, dated as of November 1, 2014 (collectively, the "Trust Agreement"), between the Issuer and The Bank of New York Mellon Trust Company, N.A., as trustee, as authorized by a resolution of the Issuer adopted on January 26, 2015 (the "Resolution"). The Bonds are issued for the purpose of making a loan of the proceeds thereof to the municipality identified in the Trust Agreement (the "Municipality") pursuant to loan agreement (the "Loan Agreement"), dated as of March 1, 2015, between the Issuer and the Municipalities. Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Trust Agreement and if not therein, then in the Resolution.

In connection with our role as bond counsel, we have reviewed the Resolution, the Trust Agreement, the forms of the Loan Agreement, opinion of counsel to the Municipality, the Tax Certificate and certificates of the Issuer, the Trustee, the Municipalities and others, and such other documents, opinions and matters to the extent we deemed necessary to provide the opinions or conclusions set forth herein. In particular, we have relied on the opinions of Moore Smith Buxton & Turcke, Chartered as bond counsel for the Municipality (the "Special Counsel Opinion") regarding, among other matters, the validity of the Loan Agreement and the exclusion of interest on the Loan Agreement (and the Municipal Bond issued pursuant thereto) from gross income for federal income tax purposes.

The opinions and conclusions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions or conclusions may be affected by actions taken or omitted or events occurring after the date hereof. Accordingly, this opinion is not

intended to, and may not, be relied upon in connection with any such actions, events or matters. Our engagement with respect to the Bonds has concluded with their issuance, and we disclaim any obligation to update this letter. We have assumed the genuineness of all documents and signatures presented to us (whether as originals or copies) and the due and legal execution thereof by, and validity against, all parties other than the Issuer. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after the date hereof. We have assumed the genuineness of all documents and signatures presented to us (whether as originals or as copies) and the due and legal execution and delivery thereof by, and validity against, any parties other than the Issuer. In rendering the opinions expressed herein, we expressly have relied on the Special Counsel Opinion that, among other matters, the interest on the Municipal Bonds is excluded from gross income for federal income tax purposes. We have not undertaken to verify independently and have assumed the accuracy of the factual matters represented, warranted or certified in the documents, and of the legal conclusions contained herein. We have further assumed compliance with all covenants and agreements contained in the opinions referred to in the second paragraph hereof. Furthermore, we have assumed compliance with all covenants and agreements contained in the Trust Agreement, the Continuing Disclosure Agreement, the Loan Agreement and the Tax Certificate, including (without limitation) covenants and agreements compliance with which is necessary to assure that future actions, omissions or events will not cause the interest on the Bonds to be included in gross income for federal income tax purposes. In addition, we call attention to the fact that the rights and obligations under the Bonds, the Tax Certificate, the Continuing Disclosure Agreement, the Resolution, the Trust Agreement and the Loan Agreement and their enforceability may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against public entities of the State of Idaho. We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum or waiver or severability provisions contained in the foregoing documents, nor do we express any opinions with respect to the state or quality of title to or interest in any real or personal property described in or subject to the lien of the Trust Agreement or the Loan Agreement or the accuracy or sufficiency of the description contained therein of, or the remedies available to enforce liens on, any such property.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions or conclusions:

1. The Issuer is an independent public body corporate and politic of the State of Idaho duly organized and validly existing under the laws of Idaho with the full legal power and authority to issue the Bonds and to enter into the Trust Agreement, the Continuing Disclosure Agreement and the Loan Agreement.
2. The Bonds and the Trust Agreement have been duly authorized, executed and delivered by the Issuer and constitute the valid and binding special, limited obligations of the Issuer, payable solely from the Trust Estate and any other

additional source of funds not included in the Trust Estate if so provided in the Trust Agreement.

3. The Resolution was duly adopted by the Issuer, is in full force and effect and has not been amended, modified or superseded.

4. The interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 and is exempt from State of Idaho personal income taxes. Interest on the Bonds is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes, although we observe that it is included in adjusted current earnings when calculating corporate alternative minimum taxable income. We express no opinion regarding other tax consequences related to the ownership or disposition of, or the accrual or receipt of such interest on, the Bonds.

This letter is furnished by us as bond counsel. No attorney-client relationship has existed or exists between our firm and the purchaser of the Bonds in connection with the Bonds or by virtue of this letter. Our engagement with respect to the Bonds has concluded with their issuance. We disclaim any obligation to update this letter. This letter is delivered to you as the Issuer of the Bonds, is solely for your benefit as such Issuer and is not to be used, circulated, quoted or otherwise referred to or relied upon for any other purpose or by any other person. This letter is not intended to, and may not, be relied upon by any other party to whom it is not specifically addressed.

Very truly yours,

SKINNER FAWCETT LLP

Book-Entry Only System

DEPOSITORY TRUST COMPANY INFORMATION

The following information concerning DTC and DTC's book-entry-only system has been extracted from a schedule prepared by DTC entitled "SAMPLE OFFERING DOCUMENT LANGUAGE DESCRIBING BOOK-ENTRY-ONLY ISSUANCE," a source that the Authority believes to be reliable, but the Authority takes no responsibility for the accuracy thereof. The contents of the DTC website referenced below are not incorporated in this Official Statement by such reference.

The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the Series 2015A Bonds. The Series 2015A Bonds will be issued as fully registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered certificate will be issued for each maturity of the Series 2015A Bonds, as set forth on the inside cover page hereof, each in the aggregate principal amount of such maturity of the Series 2015A Bonds and deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing Authority" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transaction in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of the securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of the The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation, and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporation that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Series 2015A Bonds under DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2015A Bonds on DTC's records. The ownership interest of each actual purchaser of Series 2015A Bonds ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participant's records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant acting on behalf of Beneficial Owners.

Beneficial Owners will not receive certificates representing their ownership interests in Series 2015A Bonds, except in the event that use of the book-entry system for the Series 2015A Bonds is discontinued.

To facilitate subsequent transfers, all of the Series 2015A Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of a series of Series 2015A Bonds with DTC and their registration in the name of Cede & CO. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of Series 2015A Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts Series 2015A Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holding on behalf of their customers.

Redemption notices shall be sent to DTC as long as it is securities depository for the Series 2015A Bonds. If less than all of the Series 2015A Bonds of a single maturity are being redeemed, DTC's practice is to determine by lot the amount of interest of each Direct Participant in such issue to be redeemed. Redemption notices shall be sent to DTC.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by the arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Series 2015A Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2015A Bonds are created on the record date (identified in a listing attached to the Omnibus Proxy.)

Principal, premium, if any, and interest payments on the Series 2015A Bonds are to be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Authority, Trustee, or the Authority's agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or its nominee, or the Authority, Trustee, or the Authority's agent, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal of, premium, if any, and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Authority, Trustee, or the Authority's agent; disbursements of such payments to Direct Participants shall be the responsibility of DTC, and disbursements of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Series 2015A Bonds at any time by giving reasonable notice to the Authority or Trustee. Under such circumstances, in the event that a successor depository is not obtained, certificates for the Series 2015A Bonds are required to be printed and delivered.

The Authority may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, certificates for the Series 2015A Bonds will be printed and delivered.

SECTION 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Agreement, the Issuer and the Dissemination Agent may amend this Disclosure Agreement (and the Dissemination Agent shall agree to any amendment reasonably requested by the Issuer to the extent that it does not adversely affect the Dissemination Agent's rights, protections or duties hereunder), and any provision of this Disclosure Agreement may be waived, provided that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, 5(a), or 5(b), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Series 2015A Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Series 2015A Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the Owners of the Series 2015A Bonds in the same manner as provided in the Trust Agreement for amendments to the Trust Agreement with the consent of Owners, or (ii) does not, in the opinion of nationally recognized bond counsel, materially impair the interests of the Owners or Beneficial Owners of the Series 2015A Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Agreement, the Issuer shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or, in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the Issuer. occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If the Issuer chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no obligation under this Agreement to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 10. Default. In the event of a failure of the Issuer to comply with any provision of this Disclosure Agreement, the Trustee for the Series 2015A Bonds may (and, at the request of any Participating Underwriter or the Owners of at least 25% aggregate principal amount of Outstanding Series 2015A Bonds, and upon being indemnified to its satisfaction, shall), or any Owner or Beneficial Owner of the Series 2015A Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Issuer to comply with its obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed an Event of Default under the Trust Agreement, and the sole remedy under this Disclosure Agreement in the event of any failure of the Issuer or the Dissemination Agent to comply with this Disclosure Agreement shall be an action to compel performance.

SECTION 11. Duties, Immunities and Liabilities of Dissemination Agent. The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement, and the Issuer agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorneys fees and expenses) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent's negligence or willful misconduct. The obligations of the Issuer under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Series 2015A Bonds. Such Subordinated Indebtedness may be payable out of and may be secured by a pledge of Revenues and such amounts in the Subordinated Indebtedness Fund as may from time to time be available therefor, provided that any such payment and pledge shall be, and shall be expressed to be, subordinate and junior in all respects to the payment of the Bonds and the payments required to be made before the payments into the Subordinated Indebtedness Fund pursuant to the provisions of the Trust agreement concerning Subordinated Indebtedness Fund and to the lien of the pledge made pursuant to this Trust Agreement as security for the Bonds, and provided further that, except in the case of Subordinated Indebtedness the proceeds of which will be used to refund or pay Outstanding Bonds or Subordinated Indebtedness, no such Subordinated Indebtedness may be so issued except upon receipt by the Trustee of a certificate of an Authorized Representative stating that the Authority is not, and will not as the result of the issuance of such Subordinated Indebtedness be, in default in the performance of any of the covenants, conditions, agreements or provisions contained in the Trust Agreement.

The Subordinated Indebtedness Trust Agreement authorizing each issue of Subordinated Indebtedness shall contain provisions (which shall be binding on all holders of such Subordinated Indebtedness) not more favorable to the holders of such Subordinated Indebtedness than the following:

(a) In the event of any insolvency or bankruptcy proceedings, and any receivership, liquidation, reorganization or other similar proceedings in connection therewith, relative to the Authority or to its creditors, as such, or to its property, and in the event of any proceedings for voluntary liquidation, dissolution or other winding up of the Authority, whether or not involving insolvency or bankruptcy, the Owners of all Bonds then Outstanding shall be entitled to receive payment in full of the entire Principal Amount or Redemption Price of and all interest due on such Bonds in accordance with the provisions of the Trust Agreement before the holders of the Subordinated Indebtedness are entitled to receive any payment from the Subordinated Indebtedness Fund on account of principal (and premium, if any) or interest upon the Subordinated Indebtedness.

(b) In the event that any issue of Subordinated Indebtedness is declared due and payable before its expressed maturity because of the occurrence of an event of default (under circumstances when the provisions of (i) above shall not be applicable), the Owners of all Bonds Outstanding at the time such Subordinated Indebtedness so becomes due and payable because of the occurrence of such an event of default shall be entitled to receive payment in full of the entire Principal Amount or Redemption Price of and all interest on all such Bonds before the holders of the Subordinated Indebtedness are entitled to receive any accelerated payment from the Subordinated Indebtedness Fund of principal (and premium, if any) or interest upon the Subordinated Indebtedness.

(c) If any Event of Default with respect to the Bonds shall have occurred and be continuing (under circumstances when the provisions of (a) above shall not be applicable), the Owners of all Bonds then Outstanding shall be entitled to receive payment in full of the entire Principal Amount or Redemption Price of and all interest on all such Bonds as the same become due and payable before the holders of the Subordinated Indebtedness are entitled to receive, subject to the provisions of (e) below, any payment from the Subordinated Indebtedness Fund of principal (and premium, if any) or interest upon the Subordinated Indebtedness.

(d) Neither the Trustee nor any Owner shall be prejudiced in its right to enforce the subordination of the payment of Subordinated Indebtedness from the moneys in the Subordinated Indebtedness Fund by any act or failure to act on the part of the Authority.

(e) The Subordinated Indebtedness may provide that provisions (a), (b), (c) and (d) above are solely for the purpose of defining the relative rights of the Owners of the Bonds on the one hand, and the rights of the holders of Subordinated Indebtedness on the other hand, and that nothing therein shall impair, as between the Authority and the holders of the Subordinated Indebtedness, the obligation of the Authority to pay the holders thereof the principal thereof and premium, if any, and interest thereon in accordance with the terms of such Subordinated Indebtedness, nor shall anything therein prevent the holders of the Subordinated Indebtedness from exercising all remedies otherwise permitted by applicable law or under the Subordinated Indebtedness or the applicable Subordinated Indebtedness Trust Agreement upon default thereunder, subject to the rights under (a), (b), (c) and (d) above of the Owners of the Bonds to receive cash or securities from the Subordinated Indebtedness Fund otherwise payable or deliverable to the holders of the Subordinated Indebtedness; and the Subordinated Indebtedness may provide that, insofar as a trustee or paying agent for such Subordinated Indebtedness is concerned, the foregoing provisions shall not prevent the application by such trustee or paying agent of any moneys deposited with such trustee or paying agent for the purpose of the payment of or on account of the principal (and premium, if any) and interest on such Subordinated Indebtedness if such trustee or paying agent did not have knowledge at the time of such application that such payment was prohibited by the foregoing provisions.

Any issue of Subordinated Indebtedness may have such rank or priority with respect to any other issue of Subordinated Indebtedness as may be provided in the Subordinated Indebtedness Trust Agreement securing such issue of Subordinated Indebtedness and may contain such other provisions as are not in conflict with the provisions of the Trust Agreement.

The Trustee shall not be deemed to owe any fiduciary duty to the holders of Subordinated Indebtedness and shall not be liable to such holders if it shall mistakenly pay over or transfer to Owners of Bonds, the

Authority, or any other person, moneys to which any holder of Subordinated Indebtedness shall be entitled by virtue of this section of the Trust Agreement or otherwise, provided, however, that the Trustee shall not be relieved from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct. The Trustee shall not be deemed to have knowledge of the terms and conditions of any Subordinated Indebtedness Trust Agreement and may conclusively rely on written directions and requests signed by an Authorized Representative in making any deposit to or transfer from the Subordinated Indebtedness Fund. Notwithstanding any of the provisions of this section of the Trust Agreement or any other provision of the Trust Agreement, the Trustee shall not at any time be charged with the knowledge of the existence of any facts which would prohibit the making of any payment of moneys in respect of Subordinated Indebtedness or any default in the payment of the principal, premium, if any, or interest on any Subordinated Indebtedness, unless and until the Trustee shall have received written notice thereof at its principal corporate trust office from the Authority, or, so long as any Bonds remain Outstanding, from the holders of at least ten percent (10%) in principal amount of any class or category of any Subordinated Indebtedness or any trustee therefor.

Redemption of Bonds

Terms of Redemption

Each Series of Bonds may be made subject to mandatory or optional redemption prior to their respective stated maturities, as a whole or in part, at such time or times, upon such terms and conditions and upon such notice and with such effect as may be provided in the Supplemental Trust Agreement creating such Series of Bonds.

Selection of Bonds for Redemption

If less than all Outstanding Bonds of the same Series maturing by their terms on any one date are to be redeemed at any one time, the Trustee shall select the Bonds of such maturity date to be redeemed by lot and shall promptly notify the Authority in writing of the numbers of the Bonds so selected for redemption. For purposes of such selection, Bonds shall be deemed to be composed of multiples of minimum Authorized Denominations and any such multiple may be separately redeemed. In the event Term Bonds are designated for redemption, the Authority may designate which sinking account payments are allocated to such redemption.

Notice of Redemption; Cancellation; Effect of Redemption

Unless otherwise specified in a Supplemental Trust Agreement, notice of redemption shall be mailed by first-class mail by the Trustee, not less than thirty (30) nor more than sixty (60) days prior to the redemption date to (i) the respective Bond Owners of the Bonds designated for redemption at their addresses appearing on the registration books of the Trustee, (ii) the Securities Depositories and (iii) one or more Information Services. Notice of redemption to the Securities Depositories and the Information Services shall be given by registered mail or overnight delivery or facsimile transmission or by such other method acceptable to such institutions. Each notice of redemption shall state the date of such notice, the date of issue of the Bonds, the Series, the redemption date, the Redemption Price, the place or places of redemption (including the name and appropriate address of the Trustee), the CUSIP number (if any) of the maturity or maturities, and, if less than all of any such maturity is to be redeemed, the distinctive certificate numbers of the Bonds of such maturity, to be redeemed and, in the case of Bonds to be redeemed in part only, the respective portions of the principal amount thereof to be redeemed. Each such notice shall also state that on said date there will become due and payable on each of said Bonds the redemption price thereof, together with interest accrued thereon to the redemption date, and that from and after such redemption date interest thereon shall cease to accrue, and shall require that such Bonds be then surrendered at the address of the Trustee specified in the redemption notice. Failure to receive such notice or any defect in such notice shall not invalidate any of the proceedings taken in connection with such redemption.

The Authority may, at its option, prior to the date fixed for redemption in any notice of redemption rescind and cancel such notice of redemption by Written Request to the Trustee and the Trustee shall mail notice

of such cancellation to the recipients of the notice of redemption being cancelled.

If notice of redemption has been duly given as aforesaid or as otherwise specified in a Supplemental Trust Agreement, and money for the payment of the redemption price of the Bonds called for redemption is held by the Trustee, then on the redemption date designated in such notice Bonds so called for redemption shall become due and payable, and from and after the date so designated interest on such Bonds shall cease to accrue, and the Bond Owners of such Bonds shall have no rights in respect thereof except to receive payment of the redemption price thereof.

All Bonds redeemed pursuant to the provisions of the Trust Agreement concerning Redemption of Bonds shall be cancelled by the Trustee and shall be destroyed with a certificate of destruction furnished to the Authority upon its request and shall not be reissued.

Establishment of Funds and Application Thereof

Funds and Accounts

The following Funds and Accounts are established under the Trust Agreement: Municipal Bond Purchase Fund, held by the Trustee, Costs of Issuance Fund, held by the Trustee, Revenue Fund including the Principal Account and Interest Account and accounts for each Municipality (the "Revenue Fund Municipality Accounts"), held by the Trustee, Subordinated Indebtedness Fund, held by the Trustee, and Surplus Fund, held by the Authority.

Application of Revenues; Flow of Funds

All Revenues and any other amounts (including proceeds of the sale of the Bonds) held by the Trustee in any fund or account established under the Trust Agreement (other than amounts on deposit in the Rebate Fund created pursuant to the provision of the Trust Agreement concerning Tax Covenants and Rebate Fund) are thereby irrevocably pledged to the payment of the interest on and principal of the Bonds as provided therein, and the Revenues and other amounts pledged under the Trust Agreement shall not be used for any other purpose while any of the Bonds remain Outstanding; provided, however, that out of the Revenues and other moneys there may be applied such sums for such purposes as are permitted thereunder. This pledge shall constitute a pledge of and charge and lien upon the Revenues, which pledge of and charge and lien upon the Revenues is on a parity with any pledge of and charge and lien of Funded Debt, and all other moneys on deposit in the funds and accounts established thereunder (excluding amounts on deposit in the Rebate Fund created pursuant to the provisions of the Trust Agreement concerning Tax Covenants and Rebate Fund) for the payment of the interest on and principal of the Bonds in accordance with the terms thereof and of the Trust Agreement. The pledge of and charge and lien upon State Sales Tax Revenues, however, shall be subordinate to the bonds outstanding on the effective date of the Act secured by State Sales Tax Moneys and tax anticipation notes currently outstanding or subsequently issued pursuant to Section 63-3202, Idaho Code.

The Authority thereby assigns to the Trustee all of the Authority's right, title and interest in the Municipal Bond as security for payment of the Bonds. All payments on the Municipal Bond shall be paid directly by each Municipality to the Trustee. Moneys received by the Trustee attributable to a Municipality shall not be used in any manner (directly or indirectly) to make up any deficiency in repayment of any other Municipality's Municipal Bond.

In order to carry out and effectuate the pledge, charge and lien contained in the Trust Agreement, the Authority agrees and covenants that all Revenues and all other amounts pledged thereunder when and as received shall be received by the Authority in trust thereunder for the benefit of the Bond Owners and shall be transferred when and as received by the Authority to the Trustee for deposit in the Revenue Fund and therein to the applicable Revenue Fund Municipality Accounts, which fund is thereby created and which fund the Authority thereby agrees and covenants to maintain in trust for Bond Owners so long as any Bonds shall be Outstanding thereunder, subject to allocation required in the next sentence. The Authority shall also, from Revenues, pay to

the party entitled thereto or transfer or cause to be transferred to any applicable debt service or other payment fund or account for any Funded Debt, without preference or priority between transfers made pursuant to this sentence and the preceding sentence, on the dates specified in the issuing instrument relating to such Funded Debt, the sum or sums required to be paid or deposited in such debt service or other payment fund or account with respect to principal, premium, if any, and interest on Funded Debt in accordance with the terms of such Funded Debt.

Subject to the provisions of the Trust Agreement concerning Subordinated Indebtedness Fund, all Revenues and all other amounts pledged thereunder shall be accounted for through and held in trust in the Revenue Fund, and the Authority shall have no beneficial right or interest in any of the Revenues except only as therein provided. All Revenues and all other amounts pledged under the Trust Agreement, whether received by the Authority in trust or deposited with the Trustee as therein provided, shall nevertheless be allocated, applied and disbursed solely to the purposes and uses hereinafter in the provisions of the Trust Agreement concerning Establishment of Funds and Application thereof set forth, and shall be accounted for separately and apart from all other accounts, funds, money or other resources of the Authority.

Within the Revenue Fund there shall be established separate, segregated accounts for each Series of Bonds and therein a subaccount for each Municipality as described above.

Establishment and Maintenance of Accounts for Use of Money in the Revenue Fund

All money in the Revenue Fund shall be set aside by the Trustee in the following respective special accounts or funds within the Revenue Fund (each of which is thereby created and each of which the Authority thereby covenants and agrees to cause to be maintained) in the following order of priority:

- (1) Interest Account, and
- (2) Principal Account.

All money in each of such accounts shall be held in trust by the Trustee and shall be applied, used and withdrawn only for the purposes authorized in the provisions of the Trust Agreement concerning the Establishment of Funds and Application thereof.

Interest Account.

At least fifteen (15) days before each Interest Payment Date, the Trustee shall set aside from the Revenue Fund Municipality Accounts for each Series and deposit in the Interest Account that amount of money sufficient to pay the amount of interest becoming due and payable on all Outstanding Bonds on the next succeeding Interest Payment Date. Investment earnings on the amount transferred to the Interest Account accrued for the period from the said date of transfer to the Interest Payment Date shall be credited to the Revenue Fund Municipality Accounts for a Series of Bonds proportionate to the amount held in each such account on the transfer date as compared to the amount held in all such accounts for the Series of Bonds on such transfer date.

No deposit need be made in the Interest Account if the amount contained therein and available to pay interest on the Bonds is at least equal to the aggregate amount of interest becoming due and payable on all Outstanding Bonds on such Interest Payment Date.

All money in the Interest Account shall be used and withdrawn by the Trustee solely for the purpose of paying the interest on the Bonds as it shall become due and payable (including accrued interest on any Bonds purchased or redeemed prior to maturity).

Principal Account.

At least fifteen (15) days before each Principal Payment Date, the Trustee shall set aside from the Revenue Fund Municipality Accounts for each Series and deposit in the Principal Account an amount of money equal to the amount of all sinking fund payments required to be made on such Principal Payment Date, into the

respective sinking fund accounts for all Outstanding Term Bonds and the principal amount of all Outstanding Serial Bonds maturing on such Principal Payment Date. Investment earnings on the amount transferred to the Principal Account accrued for the period from the said date of transfer to the Principal Account shall be credited to the Revenue Fund Municipality Accounts for a Series of Bonds proportionate to the amount held in each such account on the transfer date as compared to the amount held in all such accounts for the Series of Bonds on such transfer date.

No deposit need be made in the Principal Account if the amount contained therein and available to pay principal of the Bonds is at least equal to the aggregate amount of the principal of all Outstanding Serial Bonds maturing by their terms on such Principal Payment Date plus the aggregate amount of all sinking fund payments required to be made on such Principal Payment Date for all Outstanding Term Bonds.

The Trustee shall establish and maintain within the Principal Account a separate subaccount for the Term Bonds of each maturity, designated as the "Sinking Account" (the "Sinking Account"), inserting therein the maturity (if more than one such account is established for the Bonds) designation of such Bonds. With respect to each Sinking Account, on each mandatory sinking account payment date established for such Sinking Account, the Trustee shall apply the mandatory sinking account payment required on that date to the redemption (or payment at maturity, as the case may be) of Term Bonds of the maturity for which such Sinking Account was established, upon the notice and in the manner provided in the provisions of the Trust Agreement concerning Redemption of Bonds; provided that, at any time prior to selection of Bonds for redemption, the Trustee may, upon the Written Request of the Authority, apply moneys in such Sinking Account to the purchase of Term Bonds of such maturity at public or private sale, as and when and at such prices (including brokerage and other charges, but excluding accrued interest, which is payable from the Interest Account), as may be directed by the Authority, except that the purchase price (excluding accrued interest) shall not exceed the redemption price that would be payable for such Bonds upon redemption by application of such mandatory sinking account payment. If, during the twelve (12) month period immediately preceding said mandatory sinking account payment date, the Trustee has purchased Term Bonds of such maturity with moneys in such Sinking Account, such Bonds so purchased shall be applied, to the extent of the full principal amount thereof, to reduce said mandatory sinking account payment.

All money in the Principal Account shall be used and withdrawn by the Trustee solely for the purpose of paying the principal of the Bonds as it shall become due and payable, whether at maturity or redemption, except that any money in any Sinking Account shall be used and withdrawn by the Trustee only to purchase or to redeem or to pay Term Bonds for which such Sinking Account was created.

The Trustee shall withdraw from the Revenue Fund and deposit in the Subordinated Indebtedness Fund the amount, if any, required to be deposited therein pursuant to each Subordinated Indebtedness Trust Agreement to pay the principal, redemption price, and purchase price of, and interest on, Subordinated Indebtedness which will accrue to the end of such month, and any amounts required to replenish any reserve fund with respect to such Subordinated Indebtedness, in such amounts as shall be specified in a written request signed by an Authorized Representative.

On June 30 of each year, after making the deposits to the Principal Account and the Subordinate Indebtedness Fund as required by this section of the Trust Agreement, the Trustee may withdraw from the Revenue Fund and deposit in the Surplus Fund the balance, if any, of moneys remaining in the Revenue Fund.

Subordinated Indebtedness Fund

Amounts in the Subordinated Indebtedness Fund shall, in accordance with written directions signed by an Authorized Representative, be transferred by the Trustee to the trustee or paying agent for Subordinated Indebtedness to be applied as provided in the applicable Subordinated Indebtedness Trust Agreement in amounts necessary to pay the principal, redemption price, and purchase price of, and interest on, Subordinated Indebtedness, and the fees and expenses of each trustee and paying agent under a Subordinated Indebtedness

Trust Agreement. The Trustee may conclusively rely on such written directions of an Authorized Representative in making such transfer and shall not be charged with knowledge of the terms and conditions of any Subordinated Indebtedness.

If on any date the amount in the Revenue Fund shall be less than the requirement of such Revenue Fund pursuant to the provisions of the Trust Agreement concerning the Establishment of Funds and Application thereof, and there shall not be on deposit in the Surplus Fund available moneys sufficient to cure any such deficiency, then the Trustee, before making any transfers required by the first paragraph of this section of the Trust Agreement, shall withdraw from the Subordinated Indebtedness Fund and deposit in the Revenue Fund the amount necessary (or all the moneys in the Subordinated Indebtedness Fund, if less than the amount required) to make up any such deficiency.

Surplus Fund

If on any date the amount in the Revenue Fund shall be less than the requirement of such Fund pursuant to the provisions of the Trust Agreement concerning the Establishment and Maintenance of Accounts for Use of Money in Revenue Fund, or the amount in the Subordinated Indebtedness Fund shall be less than the requirement of such Fund pursuant to the provisions of the Trust Agreement concerning Subordinated Indebtedness Fund, then the Authority shall transfer to the Trustee from the Surplus Fund; first to the Revenue Fund, second to the Subordinated Indebtedness Fund, and third to the Rebate Fund, as the case may be, the amount necessary (or all the moneys in the Surplus Fund if less than the amount necessary) to make up any such deficiency.

Amounts in the Surplus Fund not required to meet a deficiency as required in the first paragraph of this section of the Trust Agreement shall, upon a determination of the Authority, be applied to or set aside for any one or more of the following:

- (a) to reimburse the State for any State Sales Tax Revenues;
- (b) payment of any fees or expenses of the Authority;
- (c) the purchase or redemption of any Bonds, expenses in connection with the purchase or redemption of any Bonds, or the establishment or augmentation of any reserves which the Authority determines shall be required in connection with the Bonds;
- (d) payment into the Subordinated Indebtedness Fund;
- (e) the purchase or redemption of any Subordinated Indebtedness, expenses in connection with the purchase or redemption of any Subordinated Indebtedness, or the establishment or augmentation of any reserves which the Authority determines shall be required in connection with any Subordinated Indebtedness; and
- (f) any lawful purpose free and clear of any trust, lien, pledge or assignment securing Bonds or otherwise existing under the Trust Agreement, including any use required by a financing document establishing a Parity Lien, so long as such expenditure does not affect the exclusion from gross income of the interest on the Bonds under Section 103 of the Code.

Additional Accounts

The Trustee and the Paying Agent may create such other funds, accounts and subaccounts as they may deem necessary to carry out their duties under the Trust Agreement.

State Intercept Procedures; Sales Tax Account Pledge

State Intercept Procedures

If, as a result of the failure of a Municipality to make payment on its Municipal Bond in a timely manner,

there are not sufficient funds available necessary to pay debt service on the Bonds, at least ten (10) days before the Payment Date of the Bonds, the Trustee shall notify the Authority and the State Treasurer by: (i) Telephone; (ii) a writing sent by facsimile transmission; and (iii) a writing sent by first-class United States mail.

Except for Bonds issued prior to July 1, 2008, where the Authority has, at the time of issuance, designated all or a portion of a series of the Bonds for one or more Municipalities as not subject to the intercept under Section 67-8728, Idaho Code, upon receipt of the notice provided in the first paragraph above, the State Treasurer is required by Section 67-8727(1)(e) of the Act to immediately intercept any payments from: (i) the receipts of any payment of property taxes; or (ii) sales tax moneys that would be distributed pursuant to Section 63-3638, Idaho Code; (iii) liquor revenues that would be distributed pursuant to Section 23-404, Idaho Code; or (iv) any other source of operating moneys provided by the State to the Municipality that issued the Municipal Bonds that would otherwise be paid to the Municipality by the State.

Except for Bonds issued prior to July 1, 2008, where the Authority has, at the time of issuance, designated all or a portion of a series of Bonds for one or more Municipalities as not subject to the intercept under Section 67-8728, Idaho Code, or if the State Treasurer will be unable to transfer sufficient intercepted payments for full payment of principal of and interest on the Bonds, the State Treasurer is required, pursuant to Section 67-8727(1)(e)(ii)(A) of the Act, to give notice to the State Tax Commission and, pursuant to Section 67-8716 (2) of the Act, to give notice to the State Controller certifying the amount of the deficiency, at least five (5) days prior to the Payment Date of the Bonds.

Upon receipt of the funds, if any, from the State Treasurer pursuant to the second paragraph above, the Trustee shall deposit the funds in the Revenue Fund for the Bonds until there are sufficient amounts on deposit to pay principal of and interest on the Bonds on the Payment Date, and then to the State for reimbursement of any State sales tax receipts transferred from the State General Fund pursuant to Section 67-8716, Idaho Code, to pay debt service on the Bonds on the Payment Date, together with any interest or penalties established pursuant to Section 67-8725, Idaho Code.

Sales Tax Revenues

If the Authority has, at the time of issuance prior to July 1, 2008, designated all or a portion of a series of Bonds for one or more Municipalities as not subject to the intercept under Section 67-8728, Idaho Code, or if moneys expected to be intercepted pursuant to the provisions of the Trust Agreement concerning State Intercept Procedures are expected to be insufficient to reimburse the State for its payments in respect of the Municipal Bonds, the State Treasurer shall certify to and give notice to the State Controller of the amount of the deficiency pursuant to the provisions of the Trust Agreement concerning State Intercept Procedures.

After receipt of the certified notice from the State Treasurer, the State Controller shall pursuant to the Act: (i) Immediately fix the amount necessary and in the amount of the deficiency stated in the notice; and (ii) Cause moneys representing State sales tax receipts in the amount of the deficiency to be transferred from the State General Fund as defined in Section 67-1205, Idaho Code pursuant to Section 67-8716(2), Idaho Code, and deposited in the Bond Bank Authority Fund; provided however, that in no event shall a transfer of moneys from the State Sales Tax Account impede or otherwise affect the payment of sales tax moneys pledged for the payment on other bonds outstanding on the effective date of the Act or subsequently issued as tax anticipation notes pursuant to Section 63-3202, Idaho Code.

Moneys representing State sales tax receipts transferred from the State General Fund to the Bond Bank Authority Fund shall be transferred to the Trustee and deposited in the Revenue Fund and applied to pay principal of and interest on the Bonds pursuant to the provisions of the Trust Agreement concerning the Establishment and Maintenance of Accounts for Use of Money in the Revenue Fund.

Covenants of the Authority

Punctual Payment and Performance

The Authority will punctually pay out of the Revenues the interest on and principal of and redemption premiums, if any, to become due on every Bond issued under the Trust Agreement in strict conformity with the terms thereof and of the Bonds, and will faithfully observe and perform all the agreements and covenants to be observed or performed by the Authority contained therein and in the Bonds.

Against Encumbrances

The Authority will not make any pledge or assignment of or place any charge or lien upon the Revenues except as provided in the provisions of the Trust Agreement concerning Issuance of Bonds and Permitted Encumbrances therein, and will not issue any bonds, notes or obligations payable from the Revenues or secured by a pledge of or charge or lien upon the Revenues except as provided therein.

Tax Covenants; Rebate Fund

In addition to the funds and accounts created pursuant to the provisions of the Trust Agreement concerning Funds and Accounts, the Trustee shall establish and maintain a fund separate from any other fund or account established and maintained thereunder designated as the Rebate Fund. There shall be deposited in the Rebate Fund such amounts as are required to be deposited therein pursuant to the Tax Certificate. All money at any time deposited in the Rebate Fund shall be held by the Trustee in trust, to the extent required to satisfy the Rebate Requirement (as defined in the Tax Certificate), for payment to the United States of America. Notwithstanding the provisions of the Trust Agreement concerning Application of Revenues and Flow of Funds relating to the pledge of Revenues, the allocation of money in the Revenue Fund, the investments of money in any fund or account and the defeasance of Outstanding Bonds, all amounts required to be deposited into or on deposit in the Rebate Fund shall be governed exclusively by this section of the Trust Agreement and by the Tax Certificate (which is incorporated in the Trust Agreement by reference). The Trustee shall be deemed conclusively to have complied with such provisions if it follows the written directions of the Authority, and shall have no liability or responsibility to enforce compliance by the Authority with the terms of the Tax Certificate.

Any funds remaining in the Rebate Fund with respect to a Series of Bonds after redemption and payment of all such Series of Bonds and all other amounts due under the Trust Agreement relating to such Series of Bonds, or provision made therefor satisfactory to the Trustee, including accrued interest and payment of any applicable fees and expenses of the Trustee and satisfaction of the Rebate Requirement (as defined in the Tax Certificate), shall be withdrawn by the Trustee and remitted to or upon the direction of the Authority.

The Authority shall not use or permit the use of any proceeds of the Bonds or any funds of the Authority, directly or indirectly, to acquire any securities or obligations, and shall not take or permit to be taken any other action or actions, which would cause any of the Bonds to be an "arbitrage bond" within the meaning of Section 148 of the Code, "private activity bond" within the meaning of Section 141(a) of the Code, or "federally guaranteed" within the meaning of Section 149(b) of the Code and any such applicable requirements promulgated from time to time thereunder and under Section 103(c) of the Internal Revenue Code of 1954, as amended. The Authority shall observe and not violate the requirements of Section 148 of the Code and any such applicable regulations. The Authority shall comply with all requirements of Sections 148 and 149(b) of the Code to the extent applicable to the Bonds. In the event that at any time the Authority is of the opinion that for purposes of this section of the Trust Agreement it is necessary to restrict or to limit the yield on the investment of any moneys held by the Trustee under the Trust Agreement, the Authority shall so instruct the Trustee under the Trust Agreement in writing, and the Trustee shall take such action as may be necessary in accordance with such instructions.

Authority and the Trustee (as directed by the Authority) specifically covenant to comply with the

provisions and procedures of the Tax Certificate; provided that the Trustee shall not be bound by this covenant if an Event of Default has occurred and is continuing.

The Authority shall not use or permit the use of any proceeds of the Bonds or any funds of the Authority, directly or indirectly, in any manner, and shall not take or omit to take any action that would cause any of the Bonds to be treated as an obligation not described in Section 103(a) of the Code.

Notwithstanding any provisions of this section of the Trust Agreement, if the Authority shall provide to the Trustee an Opinion of Bond Counsel that any specified action required under this section of the Trust Agreement or the Tax Certificate is no longer required or that some further or different action is required to maintain the exclusion from federal income tax of interest on the Bonds, the Trustee and the Authority may conclusively rely on such opinion in complying with the requirements of this section of the Trust Agreement, and, notwithstanding the provisions of the Trust Agreement concerning the Trustee, the covenants under the Trust Agreement shall be deemed to be modified to that extent.

The foregoing provisions of this section of the Trust Agreement shall not be applicable to any Series of Bonds or the proceeds thereof that the Authority determines upon the issuance thereof are to be taxable bonds, the interest on which is intended to be included in the gross income of the Owner thereof for federal income tax purposes.

Accounting Records and Reports

The Authority will keep or cause to be kept proper books of record and accounts in which complete and correct entries shall be made of all transactions relating to the receipts, disbursements, allocation and application of the Revenues, and such books shall be available for inspection by the Trustee at reasonable hours and under reasonable conditions. Not more than nine months after the close of each Fiscal Year, the Authority shall furnish or cause to be furnished to the Trustee a complete financial statement covering receipts, disbursements, allocation and application of Revenues for such Fiscal Year. The Authority shall also keep or cause to be kept such other information as required under the Tax Certificate.

Prosecution and Defense of Suits

The Authority will defend against every suit, action or proceeding at any time brought against the Trustee upon any claim to the extent arising out of the receipt, application or disbursement of any of the Revenues or to the extent involving the failure of the Authority to fulfill its obligations under the Trust Agreement; provided, that the Trustee or any affected Bond Owner at its election may appear in and defend any such suit, action or proceeding. The Authority will indemnify and hold harmless the Trustee against any and all liability claimed or asserted by any person to the extent arising out of such failure by the Authority, and will indemnify and hold harmless the Trustee against any reasonable attorney's fees or other reasonable expenses which it may incur in connection with any litigation to which it may become a party by reason of its actions under the Trust Agreement, except for any loss, cost, damage or expense resulting from the negligence or willful misconduct by the Trustee. Notwithstanding any contrary provision of the Trust Agreement, this covenant shall remain in full force and effect even though all Bonds secured thereby may have been fully paid and satisfied.

Further Assurances

Whenever and so often as reasonably requested to do so by the Trustee or any Bond Owner, the Authority will promptly execute and deliver or cause to be executed and delivered all such other and further assurances, documents or instruments, and promptly do or cause to be done all such other and further things as may be necessary or reasonably required in order to further and more fully vest in the Bond Owners all rights, interests, powers, benefits, privileges and advantages conferred or intended to be conferred upon them by the Trust Agreement.

Covenants Regarding Municipal Bonds

Each Municipal Bond shall contain the following provisions:

(a) In the event the Municipality is unable to transfer the scheduled debt service payment on its Municipal Bond to the Trustee the Municipality shall, at least fifteen (15) days before the scheduled payment date, notify the Trustee and the State Treasurer of such non-payment by telephone, a writing sent by facsimile transmission, and a writing sent by first-class United States mail.

(b) Except where the Authority has, at the time of issuance prior to July 1, 2008, designated a series of the Bonds as not subject to the intercept under Section 67-8728, Idaho Code, the Municipality shall consent and agree to the State interpret procedures contained in Section 67-8727, Idaho Code.

Amendments to Municipal Bonds

The Authority shall not supplement, amend, modify or terminate any of the terms of the Municipal Bonds, or consent to any such supplement, amendment, modification or termination, without the prior written consent of the Trustee. The Trustee shall give such written consent if such supplement, amendment, modification or termination (a) will not materially adversely affect the interests of the Bond Owners or result in any material impairment of the security thereby given for the payment of the Bonds, (b) is to add to the agreements, conditions, covenants and terms required to be observed or performed thereunder by any party thereto, or to surrender any right or power therein reserved to the Authority, (c) is to cure, correct or supplement any ambiguous or defective provision contained therein, or (d) if the Trustee first obtains the written consent of the Bond Owners of a majority in principal amount of the Bonds then Outstanding to such supplement, amendment, modification or termination; provided, that no such supplement, amendment, modification or termination shall reduce the amount of payments to be made to the Authority or the Trustee by the Municipalities pursuant to the Municipal Bonds, or extend the time for making such payments, or permit the creation of any lien prior to or on a parity with the lien created by the Trust Agreement on the Municipal Bonds in each case without the written consent of all of the Bond Owners of the Bonds then Outstanding. The Trustee may consult with counsel, who may be counsel to the Authority, with regard to legal questions regarding such amendments and may rely on a written opinion of such counsel in making the determination pursuant to this section of the Trust Agreement.

State Pledges

Pursuant to Section 67-8724 of the Idaho Code, the State pledges and agrees with the Owners of the Bonds that it will not limit or alter the rights vested in the Authority by the Act to fulfill the terms of any agreements made with such Owners, or in any way impair the security, rights and remedies of the Owners of the Bonds until the Bonds, together with the interest thereon, are fully paid and discharged. The State pledges to and agrees with the Owners of the Bonds that the State will not alter, impair or limit the rights vested by the sales tax account pledge provided in Sections 67-8716 and 63-3638, Idaho Code, with respect to the Bonds until the Bonds, together with applicable interest, are fully paid and discharged.

Compliance with Continuing Disclosure Agreement

The Authority thereby covenants that it will comply with and carry out all of the provisions of the Continuing Disclosure Agreement. Notwithstanding any other provision of the Trust Agreement, failure of the Authority to comply with the Continuing Disclosure Agreement shall not be considered an Event of Default; however, the Trustee may (and, at the request of any Participating Underwriter (as defined in the Continuing Disclosure Agreement) or the Bond Owners of at least 25 percent aggregate principal amount in Outstanding Bonds, and upon receipt of indemnification satisfactory to it, shall) or any Bond Owner or Beneficial Owner may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Authority to comply with its obligations under this section of the Trust Agreement. For purposes of this section of the Trust Agreement, "Beneficial Owner" means any person who has or shares the

power, directly or indirectly, to make investment decisions concerning ownership of any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries).

Permitted Encumbrances

The Authority will not create or suffer to be created any pledge, lien or charge senior to the lien of the Trust Agreement upon all or any part of the Revenues.

Notwithstanding any other provision of the Trust Agreement, the Authority may incur Funded Debt, subject to the following conditions:

(a) The Authority shall be in full compliance with all covenants and undertakings set forth in the Trust Agreement or any Supplemental Trust Agreement; and

(b) There shall be delivered a Certificate of the Authority evidencing satisfaction of the provisions of the Trust Agreement concerning General Provisions for Issuance of Additional Bonds.

The Authority may issue Subordinated Indebtedness pursuant to the provisions of the Trust Agreement concerning Subordinated Indebtedness.

Events of Default and Remedies of Bond Owners

Events of Default

The following events shall be Events of Default:

(a) if default shall be made by the Authority in the due and punctual payment of the interest on any Bond when and as the same shall become due and payable;

(b) if default shall be made by the Authority in the due and punctual payment of the principal of or redemption premium, if any, on any Bond when and as the same shall become due and payable, whether at maturity as therein expressed or by proceedings for redemption;

(c) if default shall be made by the Authority in the performance of any of the other agreements or covenants required in the Trust Agreement to be performed by the Authority, and such default shall have continued for a period of thirty (30) days after the Authority shall have been given notice in writing of such default by the Trustee; provided, it shall not constitute an Event of Default under this subsection of the Trust Agreement if the default cannot practicably be remedied within thirty (30) days after the Authority receives notice of the default, so long as the Authority promptly commences reasonable action to remedy the default after the notice is received, and continues reasonable action to remedy the default until the default is remedied; or

(d) if the Authority shall file a petition or answer seeking arrangement or reorganization under the federal bankruptcy laws or any other applicable law of the United States of America or any state therein, or if a court of competent jurisdiction shall approve a petition filed with or without the consent of the Authority seeking arrangement or reorganization under the federal bankruptcy laws or any other applicable law of the United States of America or any state therein, or if under the provisions of any other law for the relief or aid of debtors any court of competent jurisdiction shall assume custody or control of the Authority or of the whole or any substantial part of its property.

The Trustee shall promptly notify all Bondholders by first class mail of any such event of default which is continuing of which a Responsible Officer has actual knowledge or written notice.

Institution of Legal Proceedings by Trustee

If one or more of the Events of Default shall happen and be continuing, the Trustee may, and upon the written request of the Bond Owners of a majority in principal amount of the Bonds then Outstanding, and in each case upon being indemnified to its reasonable satisfaction therefor, shall, proceed to protect or enforce its rights

or the rights of the Bond Owners of Bonds under the Trust Agreement by a suit in equity or action at law, either for the specific performance of any covenant or agreement contained in the Trust Agreement, or in aid of the execution of any power granted under Trust Agreement, or by mandamus or other appropriate proceeding for the enforcement of any other legal or equitable remedy as the Trustee shall deem most effectual in support of any of its rights and duties thereunder, including but not limited to actions against the State Treasurer and State Tax Commission to enforce its obligations under the Act.

Non-Waiver

Nothing in the provisions of the Trust Agreement concerning Events of Default and Remedies of Bond Owners or in any other provision thereof or in the Bonds shall affect or impair the obligation of the Authority, which is absolute and unconditional, to pay the interest on and principal of and redemption premiums, if any, on the Bonds to the respective Bond Owners of the Bonds at the respective dates of maturity or upon prior redemption as provided in the Trust Agreement from the Revenues as provided therein pledged for such payment, or shall affect or impair the right of such Bond Owners, which is also absolute and unconditional, to institute suit to enforce such payment by virtue of the contract embodied therein and in the Bonds.

A waiver of any default or breach of duty or contract by the Trustee or any Bond Owner shall not affect any subsequent default or breach of duty or contract or impair any rights or remedies on any such subsequent default or breach of duty or contract. No delay or omission by the Trustee or any Bond Owner to exercise any right or remedy accruing upon any default or breach of duty or contract shall impair any such right or remedy or shall be construed to be a waiver of any such default or breach of duty or contract or an acquiescence therein, and every right or remedy conferred upon the Bond Owners by the Act or by the provisions of the Trust Agreement concerning Events of Default and Remedies of Bond Owners may be enforced and exercised from time to time and as often as shall be deemed expedient by the Trustee or the Bond Owners.

If any action, proceeding or suit to enforce any right or exercise any remedy is abandoned, the Authority, the Trustee and any Bond Owner shall be restored to their former positions, rights and remedies as if such action, proceeding or suit had not been brought or taken.

Actions by Trustee as Attorney-in-Fact

Any action, proceeding or suit which any Bond Owner shall have the right to bring to enforce any right or remedy under the Trust Agreement may be brought by the Trustee for the equal benefit and protection of all Bond Owners, whether or not the Trustee is a Bond Owner, and the Trustee is thereby appointed (and the successive Bond Owners, by taking and holding the Bonds issued thereunder, shall be conclusively deemed to have so appointed it) the true and lawful attorney-in-fact of the Bond Owners for the purpose of bringing any such action, proceeding or suit and for the purpose of doing and performing any and all acts and things for and on behalf of the Bond Owners as a class or classes as may be advisable or necessary in the opinion of the Trustee as such attorney-in-fact.

Remedies Not Exclusive

No remedy in the Trust Agreement conferred upon or reserved to the Bond Owners is intended to be exclusive of any other remedy, and each such remedy shall be cumulative and shall be in addition to every other remedy given thereunder or now or thereafter existing at law or in equity or by statute or otherwise and may be exercised without exhausting and without regard to any other remedy conferred by the Act or any other law.

Limitation on Bond Owners Right to Sue

No Bond Owner of any Bond issued under the Trust Agreement shall have the right to institute any suit, action or proceeding at law or equity, for any remedy under or upon the Trust Agreement, unless (a) such Bond Owner shall have previously given to the Trustee written notice of the occurrence of an event of default as defined in the provisions of the Trust Agreement concerning Events of Default; (b) the Bond Owners of at least a majority

in aggregate principal amount of all the Bonds then Outstanding shall have made written request upon the Trustee to exercise the powers therein before granted or to institute such suit, action or proceeding in its own name; (c) said Bond Owners shall have tendered to the Trustee reasonable security or indemnity against the costs, expenses and liabilities to be incurred in compliance with such request; and (d) the Trustee shall have refused or omitted to comply with such request for a period of sixty (60) days after such request shall have been received by, and said tender of indemnity shall have been made to, the Trustee.

Such notification, request, tender of indemnity and refusal or omission are thereby declared, in every case, to be conditions precedent to the exercise by any Bond Owner of Bonds of any remedy under the Trust Agreement; it being understood and intended that no one or more Bond Owners of Bonds shall have any right in any manner whatever by his or their action to enforce any right under the Trust Agreement, except in the manner therein provided, and that all proceedings at law or in equity to enforce any provision of the Trust Agreement shall be instituted, had and maintained in the manner therein provided and for the equal benefit of all Bond Owners of the Outstanding Bonds.

Amendment of the Trust Agreement and Loan Agreement

Amendment of the Trust Agreement Without Bond Owner Consent

The Trust Agreement and the rights and obligations of the Authority and of the Bond Owners may be amended at any time by a Supplemental Trust Agreement which shall become binding upon the written direction of the Authority. No such amendment shall (1) extend the maturity of or reduce the interest rate on or amount of interest on or principal of or redemption premium, if any, on any Bond without the express written consent of the Bond Owner of such Bond, or (2) permit the creation by the Authority of any pledge of or charge or lien upon the Revenues as provided in the Trust Agreement superior to or on a parity with the pledge, charge and lien created thereby for the benefit of the Bonds except as otherwise provided therein, or (3) modify any rights or obligations of the Trustee without its prior written assent thereto, or (4) impair the tax-exempt status of the Bonds, or (5) deprive to any Bond Owner of the lien created by the Trust Agreement. Promptly after the execution by the Authority and the Trustee of any Supplemental Trust Agreement, the Trustee shall mail a notice on behalf of the Authority, setting forth in general terms the substance of such Supplemental Trust Agreement to the Bond Owners at the addresses shown on the registration books maintained by the Trustee. Any failure to give such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such Supplemental Trust Agreement.

The Trust Agreement and the rights and obligations of the Authority and of the Bondholders may also be amended at any time by a Supplemental Trust Agreement which shall become binding upon adoption without the consent of any Bondholders, provided an Opinion of Bond Counsel is delivered as set forth in the provisions of the Trust Agreement concerning Required or Permitted Opinions of Counsel, for any purpose that the Authority determines will not materially adversely affect the interests of the Bondholders, including (without limitation) for any one or more of the following purposes:

- (a) to add to the agreements and covenants required in the Trust Agreement to be performed by the Authority other agreements and covenants thereafter to be performed by the Authority, or to surrender any right or power reserved therein to or conferred therein on the Authority;
- (b) to make such provisions for the purpose of curing any ambiguity or of correcting, curing or supplementing any defective provision contained in the Trust Agreement or in regard to questions arising thereunder, which the Authority may deem desirable or necessary;
- (c) to provide for the issuance of any Additional Bonds and to provide the terms of such Additional Bonds, subject to the conditions and upon compliance with the procedure set forth in provisions of the Trust Agreement concerning the Issuance of Bonds (which shall be deemed not to adversely affect Bondholders);
- (d) to add to the agreements and covenants required in the Trust Agreement, such agreements and

covenants as may be necessary to qualify the Trust Agreement under the Trust Indenture Act of 1939; or

(e) to add to the agreements and covenants in the Trust Agreement, and to make any necessary changes therein, to include provisions relating to the Idaho Municipal Bond Bank Authority Reserve Fund, created pursuant to Section 67-8713, Idaho Code, in the event moneys are appropriated by the State legislature for the purpose of such fund.

(f) to preserve the tax-exempt status of the Bonds, or any of them.

(g) to conform to the terms and conditions of any financing documents necessary for the issuance of Funded Debt, provided such modification shall not materially adversely affect the interest of the owners of the Bonds, as set forth in a Certificate of Authority filed with the Trustee.

(h) to modify, alter, amend or supplement the Trust Agreement in any other respect which is not adverse to the Bond Owners and which does not involve a change described in the provisions of the Trust Agreement concerning Amendment of the Trust Agreement Without Bond Owner Consent.

Amendment of the Trust Agreement With Bond Owner Consent

Except for any Supplemental Trust Agreement entered into pursuant to the provisions of the Trust Agreement concerning Amendment of the Trust Agreement Without Bond Owner Consent, and subject to the terms and provisions contained in the provisions of the Trust Agreement concerning the Amendment of the Trust Agreement and Loan Agreement and not otherwise, the Bond Owners of not less than a majority in aggregate principal amount of the Bonds then Outstanding shall have the right from time to time, with the written consent of the Bond Insurer when a Bond Insurance Policy is in effect covering at least a majority in aggregate principal amount of the then Outstanding Bonds and so long as the Bond Insurer is not in default on the Bond Insurance Policy and an act of bankruptcy with respect to the Bond Insurer shall not have occurred and be continuing (provided that the Bond Insurer shall be under no liability by reason of giving or withholding such consent), to consent to and approve the execution by the Authority and the Trustee of any Supplemental Trust Agreement as shall be deemed necessary or desirable by the Authority for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in the Trust Agreement or in any Supplemental Trust Agreement; provided, however, that nothing in the Trust Agreement contained shall permit, or be construed as permitting, without the consent of each Owner affected, (1) extend the maturity of or reduce the interest rate on or amount of interest on or principal of or redemption premium, if any, on any Bond without the express written consent of the Bond Owner of such Bond, or (2) permit the creation by the Authority of any pledge of or charge or lien upon the Revenues as provided in the Trust Agreement superior to or on a parity with the pledge, charge and lien created thereby for the benefit of the Bonds except as otherwise provided therein, or (3) modify any rights or obligations of the Trustee without its prior written assent thereto, or (4) impair the tax-exempt status of the Bonds, or (5) deprive to any Bond Owner of the lien created by the Trust Agreement.

If at any time the Authority and the Trustee shall determine to enter into any Supplemental Trust Agreement for any of the purposes of this section of the Trust Agreement, the Trustee shall cause notice of the proposed Supplemental Trust Agreement to be mailed by registered or certified mail, postage prepaid to the Bond Insurer and the Bond Owners of the Outstanding Bonds. Such notice shall briefly set forth the nature of the proposed Supplemental Trust Agreement and shall state that a copy thereof is on file at the principal office of the Trustee for inspection by all Bond Owners.

After the date of the mailing of such notice, the Authority and the Trustee may enter into such Supplemental Trust Agreement, with the written consent of the Bond Insurer when a Bond Insurance Policy is in effect covering at least a majority in aggregate principal amount of the then Outstanding Bonds and so long as the Bond Insurer is not in default on the Bond Insurance Policy and an act of bankruptcy with respect to the Bond Insurer shall not have occurred and be continuing (provided that the Bond Insurer shall be under no liability by reason of giving or withholding such consent), in substantially the form described in such notice, only if there shall have first been filed with the Trustee (1) the written consents of Bond Owners of not less than a majority in

aggregate principal amount of the Bonds then Outstanding, and (2) the Opinion of Bond Counsel as set forth in the provisions of the Trust Agreement concerning the Amendment of the Trust Agreement and Loan Agreement. Any such consent shall be binding upon the Bond Owners of such Bonds giving such consent and upon any subsequent Owner of such Bonds and of any Bonds issued in exchange therefor whether or not such subsequent Owner thereof has notice thereof, unless such consent is revoked in writing by the Owner of such Bonds giving such consent or a subsequent Owner thereof by filing such revocation with the Trustee prior to the execution and delivery of such Supplemental Trust Agreement.

If the Bond Owners of not less than a majority in aggregate principal amount of Bonds then Outstanding shall have consented to and approved the execution thereof as provided in the Trust Agreement, no Owner of any Bond shall have any right to object to the execution and delivery of such Supplemental Trust Agreement, or to object to any of the terms and provisions contained therein or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin and restrain the Authority from executing the same or from taking any action pursuant to the provisions thereof.

Upon the execution any Supplemental Trust Agreement pursuant to the provisions of this section of the Trust Agreement, the Trust Agreement shall be and be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations under the Trust Agreement of the Authority, the Trustee and all Bond Owners of the Bonds then Outstanding shall thereafter be determined, exercised and enforced under the Trust Agreement, subject in all respects to such modifications and amendments.

Endorsement or Replacement of Bonds After Amendment

Bonds delivered after any Supplemental Trust Agreement becomes effective pursuant to the provisions of the Trust Agreement concerning Amendment of the Trust Agreement and Loan Agreement may, and if the Trustee so determines shall, bear a notation by endorsement or otherwise in form approved by the Authority as to such action, and in that case upon demand of the Bond Owner of any Outstanding Bonds and presentation of his Bond for such purpose at the office of the Trustee a suitable notation as to such action shall be made on such Bond. If the Authority shall so determine, new Bonds so modified as, in the opinion of the Authority, shall be necessary to conform to such action shall be prepared and executed, and in that case upon demand of the Bond Owner of any Outstanding Bond a new Bond or Bonds shall be exchanged at the office of the Trustee without cost to each Bond Owner for its Bond or Bonds then Outstanding upon surrender of such Outstanding Bonds.

Amendment of Loan Agreement

The Authority and the Municipality with which it has executed a Loan Agreement may enter into any amendment, change or modification of such Loan Agreement (a) as may be required by the provisions of such Loan Agreement or the Trust Agreement; (b) for the purpose of curing any ambiguity or formal defect or omission; (c) so as to add additional rights acquired in accordance with the provisions of such Loan Agreement; (d) to preserve the tax-exempt status of interest on the Bonds, or any of them; (e) to modify, alter, amend or supplement such Loan Agreement in any other respect which is not adverse to the Bond Owners.

Required and Permitted Opinions of Counsel

The Authority and the Trustee shall be provided with and may rely on an Opinion of Bond Counsel to the effect that any Supplemental Trust Agreement entered into by the Authority and the Trustee complies with the provisions of the Trust Agreement concerning Amendment of the Trust Agreement and Loan Agreement and an opinion of Bond Counsel that any such Supplemental Trust Agreement does not adversely affect the tax-exempt status of interest on the Bonds. The Authority and the Trustee shall be provided with and may rely upon an Opinion of Bond Counsel to the effect that any proposed amendment, change or modification to a Loan Agreement will comply with the provisions of the Trust Agreement concerning Amendment of the Trust Agreement and Loan Agreement and an opinion of Bond Counsel that any such amendment, change or modification does not adversely affect the tax-exempt status of interest on the Bonds. No Supplemental Trust

Agreement or amendment, change or modification to a Loan Agreement or the Bonds shall be effective until the Authority and the Trustee shall have received an Opinion of Bond Counsel to the effect that such Supplemental Trust Agreement or such amendment or modification is permitted by the Act and will not adversely affect the tax-exempt status of interest on the Bonds.

Investment of Moneys

The Trustee shall invest and reinvest any moneys held as part of the Revenue Fund upon the written direction of an Authorized Representative in Permitted Investments. Any such investments shall be held by or under the control of the Trustee and shall be deemed at all times a part of the fund for which they were made. The interest accruing thereon, any profit realized from such investments and any loss resulting from such investments shall be credited or charged to such fund. The Trustee shall sell and reduce to cash a sufficient amount of such investments of the Revenue Fund whenever the cash balance in the Revenue Fund is insufficient to pay the principal of and premium, if any, and interest on the Bonds when due. Unless otherwise provided in a Supplemental Trust Agreement, the Trustee may commingle any of the funds or accounts established pursuant to the Trust Agreement into a separate fund or funds for investment purposes only, provided that all funds or accounts held by the Trustee hereunder shall be accounted for separately as required by the Trust Agreement. The Trustee shall have no liability or responsibility for any loss resulting from any investment made in accordance with the provisions of this section of the Trust Agreement. The Trustee shall be entitled to assume that any investment which at the time of purchase is a Permitted Investment remains a Permitted Investment thereafter, absent receipt of written notice or information to the contrary. The Authority acknowledges that to the extent regulations of the Comptroller of the Currency or any other regulatory entity grant the Authority the right to receive brokerage confirmations of the security transactions as they occur, the Authority specifically waives receipt of such confirmations to the extent permitted by law. The Trustee will furnish the Authority periodic cash transaction statements which include the detail for all investment transactions made by the Trustee under the Trust Agreement.

Investments; Arbitrage

The Trustee may make any and all investments permitted by the provisions of the Trust Agreement concerning Investment of Moneys through its own bond department. The Trustee may act as principal or agent in the making or disposing of any investments, and may act as sponsor, advisor or manager in connection with any such investments. The provisions of this subsection of the Trust Agreement shall apply to affiliates of the Trustee. As and when any amount invested pursuant to the provisions of the Trust Agreement concerning Investment of Moneys may be needed for disbursement, the Trustee may cause a sufficient amount of such investments to be sold and reduced to cash to the credit of such funds.

Defeasance

Discharge of Indebtedness

If the Authority shall pay or cause to be paid, or there shall otherwise be paid, to the bondholders the principal of and interest due or to become due on the Bonds, at the times and in the manner stipulated therein and in the Trust Agreement, then the pledge of any Revenues and other monies, securities and funds pledged under the Trust Agreement and all covenants, agreements and other obligations of the Authority to the bondholders shall thereupon cease, terminate and become void and be discharged and satisfied, and such Bonds shall cease to be entitled to any lien, benefit or security under the Trust Agreement; provided, however, that the Trust Agreement may not be discharged until any amounts due the Insurer have been paid.

Provision for Defeasance of the Bonds

In the event that money or investments described in the definition of Permitted Investments, maturing or

having guaranteed redemption prices at the option of the owner at such time or times and bearing interest to be earned thereon in such amounts as are sufficient (together with any resulting cash balances), as certified by a certified public accountant selected by the Authority, to redeem and retire part or all of the Bonds in accordance with their terms, are hereafter irrevocably set aside in a special account and pledged to effect such redemption and retirement, then no further payments need be made into the Revenue Fund therein for the payment of the principal of and interest on the Bonds so provided for, and such Bonds and interest accrued thereon shall then cease to be entitled to any lien, benefit or security of the Trust Agreement, except the right to receive the funds so set aside and pledged, and such Bonds and interest accrued thereon shall no longer be deemed to be Outstanding hereunder; provided, however, that the Trust Agreement may not be discharged until any amounts due the Insurer have been paid.

Disposition of Funds and Accounts

Upon the deposit with the Trustee of moneys sufficient to pay all principal of, premium, if any, and interest on the Bonds, or upon the making of adequate provisions for the payment of such amounts, all moneys remaining in all Funds and Accounts, as defined in Section 5.01 of the Master Trust Agreement, except moneys necessary to pay principal or premium, if any, and interest on the Bonds, shall be paid to the Authority.

Unclaimed Money

Anything contained in the Trust Agreement to the contrary notwithstanding, any money held by the Trustee in trust for the payment and discharge of any of the Bonds or interest thereon which remains unclaimed for two (2) years after the date when such Bonds or interest thereon have become due and payable, either at their stated maturity dates or by call for redemption prior to maturity, if such money was held by the Trustee at such date, or for two (2) years after the date of deposit of such money if deposited with the Trustee after the date when such Bonds have become due and payable, shall at the Written Request of the Authority be repaid by the Trustee to the Authority as its absolute property free from trust, and the Trustee shall thereupon be released and discharged with respect thereto and the Bond Owners shall not look to the Trustee for the payment of such Bonds; provided, however, that before being required to make any such payment to the Authority, the Trustee may, and at the request of the Authority shall, at the expense of the Authority, cause to be published once a week for two (2) successive weeks in a Financial Newspaper of general circulation in Boise, Idaho, and in the same or a similar Financial Newspaper of general circulation in New York, New York, a notice that such money remains unclaimed and that, after a date named in such notice, which date shall not be less than thirty (30) days after the date of the first publication of each such notice, the balance of such money then unclaimed will be deposited in the Surplus Fund for the Authority.

Miscellaneous

Liability of Authority Limited to Revenues

Notwithstanding anything contained in the Trust Agreement, the Authority shall not be required to advance any money derived from any source other than the Revenues as provided in the Trust Agreement for the payment of the interest on or principal of or redemption premiums, if any, on the Bonds or for the performance of any agreements or covenants in the Trust Agreement contained. The Authority may, however, advance funds for any such purpose so long as such funds are derived from a source legally available for such purpose.

The Bonds are limited obligations of the Authority and are payable, as to interest thereon, principal thereof and any premiums upon the redemption of any thereof, solely from the Revenues as provided in the Trust Agreement, and the Authority is not obligated to pay them except from the Revenues. All the Bonds are equally secured by a pledge of and charge and lien upon the Revenues, and the Revenues constitute a trust fund for the security and payment of the interest on and principal of and redemption premiums, if any, on the Bonds as provided therein. The Bonds are not a debt of the State or any of its political subdivisions, and neither the State

nor any of its political subdivisions is liable thereon, nor in any event shall the Bonds be payable out of any funds or properties other than those of the Authority as provided therein. The Bonds do not constitute indebtedness within the meaning of any constitutional or statutory limitation or restriction.

Benefits of the Trust Agreement Limited to Parties and Third Party Beneficiaries

Nothing contained in the Trust Agreement, expressed or implied, is intended to give to any person other than the Authority, the Trustee, and the Bond Owners any right, remedy or claim under or by reason thereof. Any agreement or covenant required therein to be performed by or on behalf of the Authority or any member, officer or employee thereof shall be for the sole and exclusive benefit of the Authority, the Trustee, and the Bond Owners.

Waiver of Personal Liability

No member, officer or employee of the Authority shall be individually or personally liable for the payment of the interest on or principal of or redemption premiums, if any, on the Bonds by reason of their issuance, but nothing in the Trust Agreement contained shall relieve any such member, officer or employee from the performance of any official duty provided by the Act or any other applicable provisions of law or thereby.

SUMMARY OF CERTAIN PROVISIONS OF THE FORM OF LOAN AGREEMENT

Loan to Municipality

The Authority covenants and agrees, upon the terms and conditions in the Loan, to make a loan of the amount specified in the Loan Agreement to the Municipality for the purpose of financing the new Project, secured by the Sewer System Revenues. In each case, the Loan is based on the purchase price of the Municipal Bond at the par amount thereof plus premium or less a discount as described in the Loan Agreement. Said loan shall be disbursed and the Municipality will contribute funds for the Project as described in Schedule 1 of the Loan Agreement. Pursuant to said covenant and agreement, the Authority will issue the Bonds upon the same terms and conditions contained in the Loan Agreement and the Trust Agreement and will cause the Bond proceeds to be applied as provided in provisions of the Loan Agreement concerning the Loan to the Municipality and Repayment Provisions. The Municipality shall issue and sell its Municipal Bond to the Authority as evidence of its Loan obligation under the Loan Agreement and the payments due on the Municipal Bond shall equal the Repayment Installments under the Loan Agreement

The Trustee shall transmit the Annual Expense Charges to the Authority.

Any amount held by the Trustee in the Revenue Fund on the Municipality's behalf on any Repayment Installment Date under the Loan Agreement shall be credited against the Repayment Installment due on such date to the extent available for such purpose; and provided further that, subject to the provisions of this paragraph, if at any time the amounts held by the Trustee in the Revenue Fund on the Municipality's behalf are sufficient to pay all of the Repayment Installments, the Municipality shall be relieved of any obligation to make any further payments under the provisions of this section of the Loan Agreement. Notwithstanding the foregoing, if on any

date the amount held by the Trustee in the Revenue Fund on the Municipality's behalf is insufficient to make any required Repayment Installment on any Repayment Installment Date, the Municipality shall forthwith pay such deficiency as a Repayment Installment under the Loan Agreement.

Upon written request of the Trustee, the Municipality shall pay any Repayment Installment directly to the Trustee.

Unconditional Obligation

The obligations of the Municipality to make the payments required by the provisions of the Loan Agreement and to perform and observe the other agreements on its part contained in the Loan Agreements shall be absolute and unconditional, irrespective of any defense or any rights of set-off, recoupment or counterclaim it might otherwise have against the Authority, and during the term of the Loan Agreement, the Municipality shall pay absolutely net the payments to be made on account of the loan as prescribed in provisions of the Loan Agreement and all other payments required thereunder, free of any deductions and without abatement, diminution or set-off; provided, that the Municipality's obligation to make payments under the Loan Agreement shall be limited to the extent of System Net Revenues and other legally available funds of the Municipality to be appropriated as needed to make the payments under the Loan Agreement and the Municipal Bond and is not a general obligation of the Municipality provided that the State intercept, shall apply. Until such time as the Repayment Installments shall have been paid in full (or provision for the payment thereof shall have been made subject to the terms and conditions contained in the Trust Agreement concerning Defeasance), the Municipality (i) will not suspend or discontinue any payments provided for in provisions of the Loan Agreement; (ii) will perform and observe all of its other covenants contained in the Loan Agreement; and (iii) will not terminate the Loan Agreement for any cause, including, without limitation, the occurrence of any act or circumstances that may constitute failure of consideration, destruction of or damage to the Project, commercial frustration of purpose, any change in the tax or other laws of the United States of America or of the State of Idaho or any political subdivision of either of these, or any failure of the Authority or the Trustee to perform and observe any covenant, whether express or implied, or any duty, liability or obligation arising out of or connected with the Loan Agreements or the Trust Agreement, except to the extent permitted by the Loan Agreements.

Assignment of Authority's Rights

As security for the payment of the Bonds, the Authority will assign to the Trustee the Authority's rights, but not its obligations, under the Loan Agreement, including the right to receive payments thereunder (except (i) the rights of the Authority to receive notices under the Loan Agreement, (ii) the right of the Authority to receive certain payments, if any, with respect to fees, expenses and indemnification and certain other purposes under the provisions of the Loan Agreement concerning Notice to Trustee and Authority, and Indemnification, and (iii) the right of the Authority to give approvals or consents pursuant to the Loan Agreement) and the Authority thereby directs the Municipality to make the payments required thereunder (except such payments for fees, expenses and indemnification) directly to the Trustee. The Municipality thereby assents to such assignment and agrees to pay the Repayment Installments directly to the Trustee (subject to the provisions of the Loan Agreements without defense or set-off by reason of any dispute between the Municipality and the Authority or the Trustee.

Amounts Remaining in Funds

It is agreed by the parties to the Loan Agreement that after payment in full of (i) the Repayment Installments, or after provision for such payment shall have been made as provided in the terms and conditions contained in the Trust Agreement concerning Defeasance, (ii) the fees and expenses of the Authority in accordance with the Loan Agreement, (iii) the fees, charges and expenses of the Trustee, the Registrar and Paying Agent in accordance with the Trust Agreement and the Loan Agreement and (iv) all other amounts required to be paid under the Loan Agreement and the Trust Agreement, any amounts remaining in any fund held by the Trustee under the Trust Agreement shall belong, subject to the requirements of the Trust Agreement concerning Tax

Covenants and the Rebate Fund, to the Authority and be paid to the Authority by the Trustee, provided that any earnings on payments by the Municipality to the Trustee under the Loan Agreement prior to the Repayment Installment Dates shall be deducted from said remaining amounts and credited to the Municipality.

Timeliness of Payments; Consent to State Intercept; Repayment

(a) The Municipality understands that the State intercept and repayment procedures contained in and required by Section 67-8727, Idaho Code, as amended, and as set forth in the Loan Agreement operate as a matter of law with respect to the Loan covered by this Loan Agreement without the need for consent thereto by the Municipality. The Municipality also understands that said intercept procedures will provide funds to pay the Authority Bonds (not the Loan obligations).

(b) If the Municipality is unable to transfer all of its Repayment Installment to the Trustee at least 15 days before the Repayment Installment Date, the Municipality shall immediately notify the Trustee, the Authority and the State Treasurer by: (i) telephone; (ii) a writing sent by facsimile transmission; and (iii) a writing sent by first-class United States mail and shall work with the Authority to facilitate a claim and payment on the Reserve Fund Insurance Policy to provide sufficient funds for payment. If sufficient funds (including any payments under the Insurance Policy or the Reserve Policy) are not transferred to the Trustee for the Bonds of the Authority that are secured by the Loan Agreements at least ten (10) days before the scheduled debt service payment date of the Bonds, the Trustee shall transfer any available funds pledged to secure payment of the Bonds in sufficient amounts to make up any shortfall in the amount necessary to pay debt service on the Bonds on the scheduled payment date and deposit such amount in the debt service payment fund for those Bonds.

(c) If, as a result of the failure of the Municipality to make Repayment Installments in a timely manner, the Trustee shall transfer funds pursuant to paragraph (b) of this section of the Loan Agreement to pay debt service on the Bonds or if there are not sufficient funds available pursuant to paragraph (b) of this section of the Loan Agreement to make up for any shortfall in the amount necessary to pay debt service on the Bonds, at least ten (10) days before the scheduled debt service payment date of the Bonds, the Trustee shall notify the Authority and the State Treasurer by: (i) telephone; (ii) a writing sent by facsimile transmission; and (iii) a writing sent by first-class United States mail.

(d) To the extent provided and required by Section 67-8727, Idaho Code, as amended, and upon the notice provided in subsection (c) above, the State Treasurer shall, (i) immediately intercept to the extent permitted by law any payments available from: (A) the receipts of any payment of property taxes; or (B) sales tax moneys that would be distributed pursuant to section 63-3638, Idaho Code; or (C) liquor tax moneys that would be distributed pursuant to Section 23-404, Idaho Code, as amended; or (D) any other source of operating moneys provided by the State to the Municipality that would otherwise be paid to the Municipality by the State.

(e) If the State has made all or part of a Repayment Installment on behalf of the Municipality from moneys representing sales tax receipts transferred from the State general fund pursuant to Section 67-8716, Idaho Code, the Municipality shall: (a) reimburse all moneys drawn by the State Treasurer on its behalf; (b) pay interest to the State on all moneys paid by the State from the date the moneys are drawn to the date they are repaid at a rate not less than the average prime rate for national money center banks plus five percent (5%); and (c) pay all penalties required by the Act.

(f) The State Treasurer shall establish the reimbursement interest rate after considering the circumstances of any prior draws by the Municipality on the State, market interest and penalty rates, and the cost of funds, if any, that were required to be borrowed by the State to make Repayment Installments.

(g) The State Treasurer may, after considering the circumstances giving rise to the failure of the Municipality to make its Repayment Installments in a timely manner, impose on the Municipality a penalty of not more than five percent (5%) of the amount paid by the State for each instance in which a payment by the State is made.

(h) (i) If the State Treasurer determines that amounts obtained under this section of the Loan Agreement will not reimburse the State in full within one (1) year from the State's payment of the Municipality's scheduled Repayment Installments, the State Treasurer shall, subject to clause (ii) thereof, pursue any legal action, including mandamus, against the Municipality to compel it to take any action required by the Act, including:

(1) To the extent permitted by law, provide System Net Revenues to pay Repayment Installments when due; and

(2) Meet its repayment obligations to the State.

(ii) In pursuing its rights under paragraph (i) of this subsection (h), the State shall have the same substantive and procedural rights as would a holder of the Loan Agreement.

(iii) The attorney general shall assist the State Treasurer in these duties.

(iv.) The Municipality shall pay the attorney's fees, expenses and costs of the State Treasurer and the State attorney general.

Security

Pledge of System Net Revenues

All System Net Revenues and other legally available funds of the Municipality to be appropriated as needed to make payments required under the Loan Agreement and the Municipal Bonds are hereby pledged to the payment of the Repayment Installments as provided in the Loan Agreements and the System Net Revenues shall not be used for any other purpose while any of the Repayment Installments remain unpaid; provided that (i) any Parity Obligations shall be paid on parity with the Repayment Installments, and (ii) out of the System Revenues there may be apportioned such sums for such purposes as are expressly permitted in the Loan Agreement. This pledge, together with the pledge created by all other Parity Debt, shall constitute a first lien on System Net Revenues and, subject to application of amounts on deposit therein as permitted in the Loan Agreement, the Income Fund and other funds and accounts created thereunder for the payment of the Repayment Installments and all other Parity Debt in accordance with the terms thereof and of the Trust Agreement.

Allocation of System Revenues

In order to carry out and effectuate the pledge and lien contained in the Loan Agreement, the Municipality agrees and covenants that all System Revenues shall be received by the Municipality in trust thereunder and shall be deposited when and as received in a special fund hereby designated as the "Income Fund", which fund is thereby established and which fund the Municipality agrees and covenants to maintain and to hold separate and apart from other funds so long as any Repayment Installments remain unpaid. To the extent the Municipality has an existing fund which satisfies the foregoing requirements, then such shall be deemed to be the "Income Fund" and the Municipality shall not be required to create a new fund. The Municipality may maintain separate accounts within the Income Fund. The amounts in the Income Fund shall be invested in investments permitted by State law. Moneys in the Income Fund shall be used and applied by the Municipality as provided in the Loan Agreement.

The Municipality shall, from the moneys in the Income Fund, pay all Operation and Maintenance Costs (including amounts reasonably required to be set aside in contingency reserves for Operation and Maintenance Costs, the payment of which is not then immediately required) as such Operation and Maintenance Costs become due and payable. Thereafter, all remaining moneys in the Income Fund shall be set aside by the Municipality at the following times for the transfer to the following respective special funds in the following order of priority; and all moneys in each of such funds shall be held in trust and shall be applied, used and withdrawn only for the purposes set forth in this section of the Loan Agreements.

(a) Repayment Installments. Not later than each Repayment Installment Date, the Municipality shall, from the moneys in the Income Fund, transfer to the Trustee the Repayment Installment due and payable on that Repayment Installment Date. The Municipality shall also, from the moneys in the Income Fund, transfer to the applicable trustee, if any, for deposit in the respective payment fund, without preference or priority, and in the event of any insufficiency of such moneys ratably without any discrimination or preference, any other Parity Obligation Payments in accordance with the provisions of any Parity Obligation.

(b) Surplus. Moneys on deposit in the Income Fund not necessary to make any of the payments required above, may be expended by the Municipality at any time for any purpose permitted by law, including but not limited to payments with respect to Subordinate Obligations.

Additional Parity Debt

The Municipality may at any time enter into any Parity Debt; *provided*:

(a) The Municipality shall be in compliance with all agreements, conditions, covenants and terms contained herein, and a Certificate of the Municipality to that effect shall have been filed with the Trustee;

(b) The Parity Debt shall have been duly authorized pursuant to all applicable laws;

(c) The most recent available audit of the Municipality shows that the System Net Revenues for any twelve (12) consecutive month period during the twenty four (24) months immediately preceding the date of the resolution authorizing the Parity Debt shall have been sufficient to pay an amount representing 125% of Maximum Annual Debt Service for all Parity Debt including the proposed obligations.

(d) As an alternative to the audit report requirement in 4.3(c) of the Loan Agreement, the Municipality may certify as to estimated or projected revenues without engineer or accountant verification if its certification shows that the System Net Revenues for the remainder of the projected life of the Parity Debt will be at least equal to 150% of the Maximum Annual Debt Service, or the Municipality may utilize a report of a Consulting Engineer or certified public accountant acceptable to the Authority that shows that the System Net Revenues for the remainder of the projected life of the Parity Debt will be at least equal to 125% of the Maximum Annual Debt Service.

Nothing contained in this Section shall limit the issuance of any additional obligations of the Municipality payable from the System Net Revenues and secured by a lien and charge on the System Net Revenues if, after the issuance and delivery of such additional obligations, none of the Repayment Installments shall be unpaid. Furthermore, nothing contained in this Section shall limit the issuance of any Parity Debt for the purpose of refunding Outstanding Parity Debt or for any Subordinate Obligations.

Reserve Fund Deposit

The following Municipality: The City of Pocatello has the following Reserve Fund Deposit requirement:

There shall be established a Reserve Fund held by the Municipality funded by the Reserve Fund Insurance Policy in an amount equal to the Reserve Requirement to be maintained as a debt service reserve fund for the Loan as evidenced by the Municipal Bond. If the issuer of said Reserve Fund Insurance Policy files bankruptcy or such Reserve Fund Insurance Policy is for any other reason not effective or cannot be drawn upon, then the Municipality shall fund the Reserve Fund in the amount of the Reserve Requirement within one (1) year of Municipality's receipt of notice thereof. Such Reserve Fund shall secure only the Municipal Bond and shall be drawn upon if needed to make the Repayment Installments hereunder. The Municipality shall notify the Trustee of any drawing on the Reserve Fund within ten (10) days of the date of such drawing. Provided further, in the event that a drawing on the said Reserve Fund in order to make the Repayment Installments by the Municipality on the Loan results in balance in such fund lower than the Reserve Requirement, the Municipality shall replenish

said account to the Reserve Requirement from System Net Revenues as soon as possible, but not later than one (1) year from the date of the said drawing.

Rate Stabilization Account.

The Municipality shall establish and maintain a Rate Stabilization Account. Monies in the Rate Stabilization Account may be transferred as determined from time to time by the Municipality. The Municipality may transfer funds into the Rate Stabilization Account from its Income Fund or any other legally available source. The Municipality may transfer funds into the Rate Stabilization Account or withdraw funds from the Rate Stabilization Account at any time without limitation subject to the following provisions.

(a) Money in the Rate Stabilization Account may be withdrawn at any time and used for any purpose for which System Revenues may be used. Amounts withdrawn from the Rate Stabilization Account shall increase System Revenues for the period for which they are withdrawn, and amounts deposited in the Rate Stabilization Account shall reduce System Revenues for the period for which they are deposited. Credits from the Rate Stabilization Account may be posted in accordance with governmental accounting practices and procedures. Credits to or from the Rate Stabilization Account may relate to a prior Fiscal Year consistent with governmental accounting practices and procedures provided that such credits occur within the first quarter following the prior Fiscal Year. Earnings on the Rate Stabilization Account shall be credited to the Income Fund and shall be included in the definition of System Revenues for purposes of calculating debt service coverage.

(b) Unless otherwise excluded, funds withdrawn from the Rate Stabilization Account shall be included as System Net Revenues for all rate requirement purposes under Section 5.11 of the Loan Agreement.

Transfers from Rate Stabilization Account.

The Municipality may transfer funds from the Rate Stabilization Account to satisfy the rate requirements in Section 5.11 of the Loan Agreement. If the Municipality transfers funds from the Rate Stabilization Account during the current Fiscal Year or within the first quarter of the following Fiscal Year and designates that such transfer shall relate to the immediately preceding Fiscal Year it covenants for the benefit of the Authority and its Bondholders that going forward it will, as needed, charge rates and fees in connection with operation of the System which, when combined with other System Revenues, are adequate to generate System Net Revenues (exclusive of transfers from the Rate Stabilization Account) in the following Fiscal Year at least equal to 1.25 times the Annual Bond Debt Service due in that Fiscal Year. If the System Net Revenues fail to meet this level, the Municipality will promptly increase its rates and fees or reduce expenses to a level so that System Net Revenues (exclusive of transfers from the Rate Stabilization Account) are projected to meet the required level. The Municipality will demonstrate its compliance with the provisions of Section 4.6 of the Loan Agreement by providing a report to the Authority and the Trustee, if any, at the time of delivery of the Municipality's year-end audit that the Municipality is not out of compliance with Section 5.11 of the Loan Agreement. This report will demonstrate the Municipality's compliance with this covenant, or the methods by which the Municipality intends to achieve compliance with this covenant.

Special Covenants and Agreements

Punctual Payment

The Municipality will punctually pay all Repayment Installments in strict conformity with the terms of this section of the Loan Agreement to the extent of System Net Revenues and will faithfully satisfy, observe and perform all agreements, conditions, covenants and terms thereof.

Legal Existence

The Municipality will use all means legally available to maintain its existence.

Against Encumbrances

The Municipality will not mortgage or otherwise encumber, pledge or place any charge upon any of the System Net Revenues except as provided in the Loan Agreement, and will not issue any obligations secured by System Net Revenues senior to the Parity Debt; provided, that the Municipality may at any time issue any Subordinate Obligations.

Against Sale or other Disposition of the System

The Municipality will not sell or otherwise dispose of the System or any part thereof essential to the proper operation of the System or to the maintenance of the System Net Revenues, unless the Repayment Installments have been fully paid or provision has been made therefor in accordance to the terms and conditions contained in the Trust Agreement concerning Defeasance. The Municipality will not enter into any lease or agreement which impairs the operation of the System or any part thereof necessary to secure adequate System Net Revenues for the payment of the Repayment Installments, or which would otherwise impair the rights of the Owners with respect to the System Net Revenues or the operation of the System.

Maintenance and Operation of System

The Municipality agrees that as long as it owns the System it will (i) maintain, or cause to be maintained, the System in as reasonably safe condition as its operations shall permit and (ii) maintain, or cause to be maintained, the System in good repair and in good operating condition, ordinary wear and tear excepted, making from time to time all necessary repairs thereto and renewals and replacements thereof.

Right of Access to the System

The Municipality agrees that during the term of the Loan Agreements, the Authority, the Trustee and the duly authorized agents of either of them shall have the right at all reasonable times during normal business hours to enter upon the site of the System thereto to examine and inspect such System; provided, however, that this right is subject to federal and State of Idaho laws and regulations applicable to such site. The rights of access thereby reserved to the Authority and the Trustee may be exercised only after such agent shall have executed release of liability (which release shall not limit any of the Municipality's obligations thereunder) and secrecy agreements if requested by the Municipality in the form then currently used by the Municipality, and if the Trustee is the signatory, as agreed to by the Trustee, and nothing contained in this section of the Loan Agreements or in any other provision of the Loan Agreements shall be construed to entitle the Authority or the Trustee to any information or inspection involving the confidential knowledge of the Municipality.

Tax Exempt Status of Bonds

It is the intention of the parties hereto that interest on the Bonds shall be and remain excluded from gross income for federal income tax purposes. To that end, the covenants and agreements of the Authority and the Municipality in this Section and in the Tax Certificate are for the benefit of the Trustee and each and every person who at any time will be a holder of the Bonds and the Municipal Bond. Without limiting the generality of the foregoing, the Municipality and the Authority agree that there shall be paid by the Municipality from time to time all rebate with respect to the Municipal Bond under Section 148 of the Code and the Municipality's Share of all amounts required to be rebated to the United States pursuant to the rebate requirement (the "Rebate Requirement") under Section 148 of the Code and the Tax Certificate. The "Municipality's Share" means the amount of the Rebate Requirement relating to the Bonds, determined as specified in the Tax Certificate, including (i) treating as the yield on the Municipal Bond the yield on the Bonds allocated to the Municipal Bond

and (ii) treating any amounts held by the Authority and allocable to the Municipal Bond as proceeds of the Municipality Bond. This covenant shall survive payment in full or defeasance of the Bonds and the Municipal Bond. The Municipality specifically covenants to pay or cause to be paid for and on behalf of the Authority to the United States at the times and in the amounts determined under Section 7.03 of the Trust Agreement the Municipality's Share of the Rebate Requirement as described in the Tax Certificate and the Trust Agreement. The Authority shall not be liable to make any such payment except from funds provided by the Municipality for such purpose.

The Authority covenants and agrees that it has not taken and will not take any action which results in interest to be paid on the Bonds being included in gross income of the holders of the Bonds for federal income tax purposes, and the Municipality covenants and agrees that it has not taken or permitted to be taken and will not take or permit to be taken any action which will cause the interest on the Bonds to become includable in gross income for federal income tax purposes. The Municipality acknowledges having read provisions of the Trust Agreement concerning Tax Covenants and Rebate Fund and agrees to perform all duties imposed on it by such section, by this section of the Loan Agreement and by the Tax Certificate. Insofar as the Trust Agreement and the Tax Certificate impose duties and responsibilities on the Authority or the Municipality, they are specifically incorporated into the Loan Agreement by reference.

Notwithstanding any provision of the Loan Agreement concerning the Tax Exempt status of Bonds or the provisions of the Trust Agreement regarding the Tax Exempt status of the Bonds, if the Municipality shall provide to the Authority and the Trustee an Opinion of Bond Counsel to the effect that any specified action required under the provisions of the Loan Agreement concerning the Tax Exempt Status of Bonds and the provisions of the Trust Agreement regarding the Tax Exempt status of the Bonds is no longer required or that some further or different action is required to maintain the exclusion from federal income tax of interest on the Bonds or the Municipal Bond, the Municipality, the Trustee and the Authority may conclusively rely on such opinion in complying with the requirements of this section of the Loan Agreement, and the covenants set forth in the provisions of the Loan Agreement concerning the Tax Exempt Status of the Bonds shall be deemed to be modified to that extent.

The Municipality agrees to comply with the Authority's Post Issuance Tax Compliance Procedures, the current form of which is attached to the Loan Agreement as Exhibit F.

Notices to Trustee and Authority

The Municipality thereby agrees to provide the Trustee and the Authority with notice of any event of which it has knowledge which, with the passage of time or the giving of notice, would be an Event of Default, such notice to include a description of the nature of such event and what steps are being taken to remedy such Event of Default.

Reporting

The Municipality thereby covenants and agrees to provide to the Authority an Annual Surveillance Response as described in (a) and (b) below.

(a) Provision of Annual Surveillance Response.

(i) The Municipality shall, not later than the return deadline set forth in the annual surveillance letter ("Annual Surveillance Letter"), commencing with the Annual Surveillance Letter for the 2015 Fiscal Year and all subsequent Fiscal Years, provide to the Authority responses to the Annual Surveillance Letter ("Annual Surveillance Response") regarding the status of the Municipality's financial condition and obligations under the Loan Agreement. The Annual Surveillance Response must be submitted in electronic format, accompanied by such identifying information as prescribed by the Authority, and may include by reference other

information as provided in the Loan Agreement. If the Municipality's fiscal year changes, it shall give notice of such change to the Authority and Trustee.

(ii) Failure to provide the Annual Surveillance Response to the Authority and Trustee by the above date may subject the Municipality to late fees in the amounts shown in an exhibit to the Loan Agreement and payment of any expenses of the Trustee or the Authority in enforcing this provision. If the Municipality has prior loans with the Authority, then those loans shall be subject to the same penalty provisions.

(iii) The Authority may request all financial statements from the Borrower in writing at any time and Borrower shall provide the requested financial statement to the Authority within fifteen (15) days of receipt of the written request.

(b) Content of Annual Surveillance Letters. The Municipality's Annual Surveillance Response shall contain or include by reference the following:

(c) Reporting of Significant Events.

(i) Pursuant to the provisions of this section of the Loan Agreement, the Municipality shall give, or cause to be given, notice to the Authority of the occurrence of any of the following events (the "Listed Events") with respect to the Loan Agreements and the Bonds in a timely manner not more than ten (10) business days after the event:

- (1) Principal and interest payment delinquencies.
- (2) Unscheduled draws on debt service reserves reflecting financial difficulties;
- (3) Unscheduled draws on credit enhancements reflecting financial difficulties;
- (4) Substitution of credit or liquidity providers, or their failure to perform;
- (5) Adverse tax opinions or the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds;
- (6) Defeasances;
- (7) Tender offers;
- (8) Bankruptcy, insolvency, receivership or similar proceedings;
- (9) Rating changes;

(ii) Pursuant to the provisions of the Loan Agreement, the Municipality shall give or cause to be given, notice to the Authority of the occurrence of any of the following Listed Events with respect to the Bonds in a timely manner not more than ten (10) Business Days after the event, if material:

- (1) Mergers, consolidations, acquisitions, the sale of all or substantially all of the assets of the obligated persons or their termination.
- (2) Appointment of a successor or additional trustee or the change of the name of trustee;
- (3) Non-payment related defaults;
- (4) Modifications to the rights of the owners of the Bonds;
- (5) Bond calls;
- (6) Release, substitution or sale of property securing repayment of the Bonds.

(c) These provisions shall terminate upon the legal defeasance or discharge of the Loan Agreement in accordance with the provisions of the Loan Agreement concerning Discharge of Obligations. If such termination occurs prior to the final maturity of the Municipal Bond, the Municipality shall give notice of such termination in the same manner as for a Listed Event under the provisions of the Loan Agreement.

(d) Additional Information. Nothing in the provisions of the Loan Agreement shall be deemed to prevent the Municipality from disseminating any other information, using the means of dissemination set forth in this section or any other means of communication, or including any other information in any Annual Surveillance Response or notice of occurrence of a Listed Event, in addition to that which is required by this section. If the Municipality chooses to include any information in any Annual Surveillance Response or notice of occurrence of a Listed Event in addition to that which is specifically required by this section, the Municipality shall have no obligation under this section to update such information or include it in any future Annual Surveillance Response or notice of occurrence of a Listed Event.

(e) Notices. Any notices or communications to or among any of the parties to the provisions of the Loan Agreement may be given at their addresses as set forth in the Trust Agreement and the Loan Agreement.

(f) If as a result of a change in circumstances, the Municipality becomes an “obligated person” as defined in the Continuing Disclosure Policy Concerning Municipal Securities adopted by the Authority, the Municipality agrees to amend this Agreement to provide for a continuing disclosure undertaking.

(g) The entering into the Loan Agreement shall not in any way waive or limit the responsibilities of the Municipality with respect to any reporting or disclosure provisions of any prior loan agreements entered into between the Authority and the Municipality including without limitation the filing of continuing disclosure reports with the Municipal Securities Rulemaking Board.

(h) Beneficiaries. This section of the Loan Agreement shall inure solely to the benefit of the Municipality and the Authority, and shall create no rights in any other person or entity.

Eminent Domain Proceeds

If all or any part of the System shall be taken by eminent domain proceedings, the Net Proceeds realized by the Municipality therefrom shall be deposited by the Municipality with the Trustee in a special fund which the Trustee shall establish as needed in trust and applied by the Municipality to the cost of acquiring and constructing additions, betterments, extensions or improvements to the System if (A) the Municipality first secures and files with the Trustee a Certificate of the Municipality showing (i) the loss in annual System Revenues, if any, suffered, or to be suffered, by the Municipality by reason of such eminent domain proceedings, (ii) a general description of the additions, betterments, extensions or improvements to the System then proposed to be acquired and constructed by the Municipality from such proceeds, and (iii) an estimate of the additional System Revenues to be derived from such additions, betterments, extensions or improvements; and (B) the Trustee has been furnished a Certificate of the Municipality, certifying that such additional System Revenues will sufficiently offset on a timely basis the loss of System Revenues resulting from such eminent domain proceedings so that the ability of the Municipality to pay Repayment Installments when due will not be substantially impaired, and such Certificate of the Municipality shall be final and conclusive, and any balance of such Net Proceeds not required by the Municipality for such purpose shall be deposited in the Income Fund and applied as provided in the provisions of the Loan Agreement concerning Allocation of System Revenues, provided, that if the foregoing conditions are not met, then such Net Proceeds shall be deposited with the Trustee and applied to make Repayment Installments as they come due and Parity Obligation Payments as they shall become due; provided further that the foregoing procedures for the application of Net Proceeds shall be subject to any similar provisions for Parity Debt on a pro rata basis.

If such eminent domain proceedings have had no effect, or at most an immaterial effect, upon the System Revenues and the security of the Repayment Installments, and a Certificate of the Municipality to such

effect has been filed with the Trustee, then the Municipality shall forthwith deposit such Net Proceeds in the Income Fund, to be applied as provided in the provisions of the Loan Agreement concerning Legal Existence.

Amounts of Rates, Fees and Charges

The Municipality will, at all times while any of the Repayment Installments remain unpaid, fix, prescribe and collect rates, fees and charges and manage the operation of the System for each Fiscal Year so as to yield System Revenues at least sufficient, after making reasonable allowances for contingencies and errors in the estimates, to pay the following amounts during such Fiscal Year:

- (a) All current Operation and Maintenance Costs.
- (b) The Repayment Installments and the payments for the other Parity Debt and the payment of the Subordinate Obligations as they become due and payable.
- (c) All payments required for compliance with the terms of the Loan Agreement.
- (d) All payments to meet any other obligations of the Municipality which are charges, liens or encumbrances upon, or payable from, the System Net Revenues.

In addition to the requirements of the first paragraph of this section, the Municipality will, at all times while any Repayment Installments remain unpaid, to the maximum extent permitted by law, fix, prescribe and collect rates, fees and charges and manage the operation of the System for each Fiscal Year plus any credits from the Rate Stabilization Account in accordance with the Loan Agreement, so as to yield System Net Revenues during such Fiscal Year equal to at least 125 per cent (or such other percentage as permitted or required by the Authority) of the Annual Debt Service in such Fiscal Year. If the Municipality is unable to meet this requirement, it will retain a Consulting Engineer to provide recommendations or adjustments to rates or modifications to operations to produce the necessary amount of System Net Revenues specified in the Loan Agreement.

If the Municipality shall fail to comply with the Section above and is unable to bring itself into compliance within sixty (60) days thereafter, it shall immediately notify the Authority and the Trustee.

The Municipality may make or permit to be made adjustments from time to time in such rates, fees and charges and may make or permit to be made such classification thereof as it deems necessary, but shall not reduce or permit to be reduced such rates, fees and charges below those then in effect unless the System Revenues from such reduced rates, fees and charges will at all times be sufficient to meet the requirements of this section of the Loan Agreement.

Enforcement of and Performance under Contracts

The Municipality shall enforce all material provisions of any contracts to which it is a party, an assignee, successor in interest to a party or third-party beneficiary, in any case where such contracts provide for material payments or services to be rendered to the System. Further, the Municipality will comply with, keep, observe and perform all material agreements, conditions, covenants and terms, express or implied, required to be performed by it, contained in all contracts affecting or involving the System, to the extent that the Municipality is a party thereto.

Collection of Charges, Fees and Rates

The Municipality will have in effect at all times rules and regulations requiring each user of the System to pay the applicable charges, fees and rates and providing for the billing thereof and for a due date and a delinquency date for each bill. In each case where such bill remains unpaid in whole or in part after it becomes delinquent, the Municipality will enforce the collection procedures contained in such rules and regulations.

No Free Service

The Municipality will not permit any part of the System or any facility thereof to be used or taken advantage of free of charge by any corporation, firm or person, charitable organization, or by any public agency (including the State of Idaho and any municipality, county, public agency, political subdivision, public corporation or subsidiary thereof), unless otherwise required by law or existing written agreements.

Payment of Claims

The Municipality will pay and discharge any and all lawful claims for labor, materials or supplies which, if unpaid, might become a lien or charge upon the System or upon the System Net Revenues or any part thereof, or upon any funds held by the Trustee, or which might impair the security of the Repayment Installments; provided, that nothing in the Loan Agreement contained shall require the Municipality to make any such payments so long as the Municipality in good faith shall contest the validity of any such claims and such nonpayment will not materially adversely affect the Municipality's ability to perform its obligations under the Loan Agreement.

Books of Record and Accounts; Financial Statements

The Municipality will keep proper books of record and accounts in which complete and correct entries shall be made of all transactions relating to the System and the Income Fund, and upon request will provide information concerning such books of record and accounts to the Trustee.

The Municipality will prepare annually, not later than one hundred eighty (180) days after the close of each Fiscal Year, so long as any Repayment Installments remain unpaid, an audited financial statement of the Municipality relating to the Income Fund and all other accounts or funds established pursuant to the Loan Agreement for the preceding Fiscal Year prepared by a Municipality Independent Certified Public Accountant, showing the balances in each such account or fund as of the beginning of such Fiscal Year and all deposits in and withdrawals from each such account or fund during such Fiscal Year and the balances in each such account or fund as of the end of such Fiscal Year, which audited financial statement shall include a statement as to the manner and extent to which the Municipality has complied with the provisions of the Loan Agreement. Failure to furnish said audited financial statements within said time may subject the Municipality to late charges by the Authority. The Municipality will furnish a copy of such audited financial statement to the Trustee upon request, and will furnish such reasonable number of copies thereof to investment bankers, security dealers and others interested in the Bonds.

Payment of Taxes and Other Charges and Compliance with Governmental Regulations

The Municipality will pay and discharge all taxes, service charges, assessments and other governmental charges which may thereafter be lawfully imposed upon the System or any properties owned by the Municipality, or upon the System Revenues, when the same shall become due; provided, that nothing in the Loan Agreement contained shall require the Municipality to make any such payments so long as the Municipality in good faith shall contest the validity of any such taxes, service charges, assessments or other governmental charges and such nonpayment will not materially adversely affect the Municipality's ability to perform its obligations under the Loan Agreement.

The Municipality will duly comply with all applicable State, federal and local statutes and all valid regulations and requirements of any governmental authority relative to the operation of the System or any part thereof, but the Municipality shall not be required to comply with any regulations or requirements so long as the validity or application thereof shall be contested in good faith and such noncompliance will not materially adversely affect the Municipality's ability to perform its obligations under the Loan Agreement.

Maintenance of Insurance

The Municipality agrees to maintain fire and extended coverage insurance on the System in such minimum amounts as are reasonable and prevalent for similar municipalities and systems in the State of Idaho and worker's compensation coverage on all full-time employees working on, in, near or about the System in accordance with applicable State laws. The Municipality may self-insure against such risks. The Municipality shall provide evidence of such insurance to the Authority or the Trustee, respectively, upon written request of either the Authority or the Trustee.

Delivery of Closing Documents

The Municipality agrees to execute and deliver on the Closing Date the certificates attached to the Loan Agreement as Exhibit C.

Authority Fees

The Municipality is paying to the Authority an Application Fee of \$500.00 which is included in the Authority Fee. The Municipality shall pay to the Authority the Authority Fee at the closing of the Loan and Annual Expense Charges each year.

Events of Default and Remedies

Events of Default

Any one of the following which occurs and continues shall constitute an Event of Default pursuant to the Loan Agreement:

(a) failure by the Municipality to transmit to the Trustee any Repayment Installment by the 15th day prior to its respective Repayment Installment Date; or

(b) failure of the Municipality to observe and perform any covenant, condition or agreement on its part required to be observed or performed by the Loan Agreement, other than making the payments referred to in (a) above, which continues for a period of sixty (60) days after written notice, which notice shall specify such failure and request that it be remedied, given to the Municipality by the Authority or the Trustee, unless the Authority and the Trustee (at the direction of the Authority) shall agree in writing to an extension of such time; provided, however, that if the failure stated in the notice cannot be corrected within such period, the Authority and the Trustee (at the direction of the Authority) will not unreasonably withhold their consent to an extension of such time if corrective action is instituted within such period and diligently pursued until the default is corrected.

The provisions of subsection (b) of this section of the Loan Agreement are subject to the limitation that the Municipality shall not be deemed in default if and so long as the Municipality is unable to carry out its agreements under the Loan Agreement by reason of strikes, lockouts or other industrial disturbances; acts of public enemies; orders of any kind of the government of the United States or of the State of Idaho or any of their departments, agencies, or officials, or any civil or military Municipality; insurrections, riots, epidemics, landslides; lightning; earthquake; fire; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions; breakage or accident to machinery, transmission pipes or canals; partial or entire failure of utilities; or any other cause or event not reasonably within the control of the Municipality; it being agreed that the settlement of strikes, lockouts and other industrial disturbances shall be entirely within the discretion of the Municipality, and the Municipality shall not be required to make settlement of strikes, lockouts and other industrial disturbances by acceding to the demands of the opposing party or parties when such course is, in the judgment of the Municipality, unfavorable to the Municipality. This limitation shall not apply to any default under subsection (a) of this section of the Loan Agreement.

Remedies on Default

Whenever any Event of Default shall have occurred and shall continue, the following remedies may be pursued:

(a) The Trustee shall have access to and the right to inspect, examine and make copies of the books and records and any and all accounts and data of the Municipality.

(b) The Authority or the Trustee may take whatever action at law or in equity as may be necessary or desirable to collect the payments and other amounts then due and thereafter to become due or to enforce performance and observance of any obligation, agreement or covenant of the Municipality under the Loan Agreement including without limitation the State Intercept or draw upon the State Sales Tax Monies.

In case the Trustee or the Authority shall have proceeded to enforce its rights under the Loan Agreement and such proceedings shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Trustee or the Authority, then, and in every such case, the Municipality, the Trustee and the Authority shall be restored respectively to their several positions and rights under the Loan Agreement, and all rights, remedies and powers of the Municipality, the Trustee and the Authority shall continue as though no such action had been taken (provided, however, that any settlement of such proceedings duly entered into by the Authority, the Trustee or the Municipality shall not be disturbed by reason of this provision of the Loan Agreement).

In case the Municipality shall fail forthwith to pay amounts due by reason of the provisions of the Loan Agreement concerning Continuing Disclosure upon demand of the Trustee, the Trustee shall be entitled and empowered to institute any action or proceeding at law or in equity for the collection of the sums so due and unpaid, and may prosecute any such action or proceeding to judgment or final decree, and may enforce any such judgment or final decree against the Municipality and collect in the manner provided by law the moneys adjudged or decreed to be payable.

In case proceedings shall be pending for the bankruptcy or for the reorganization of the Municipality under the federal bankruptcy laws or any other applicable law, or in case a receiver or trustee shall have been appointed for the property of the Municipality or in the case of any other similar judicial proceedings relative to the Municipality, or the creditors or property of the Municipality, then the Trustee shall be entitled and empowered, by intervention in such proceedings or otherwise, to file and prove a claim or claims for the whole amount owing and unpaid pursuant to the Loan Agreement and, in case of any judicial proceedings, to file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee allowed in such judicial proceedings relative to the Municipality, its creditors or its property, and to collect and receive any moneys or other property payable or deliverable on any such claims, and to distribute such amounts as provided in the Trust Agreement after the deduction of its charges and expenses. Any receiver, assignee or trustee in bankruptcy or reorganization is thereby authorized to make such payments to the Trustee, and to pay to the Trustee any amount due it for compensation and expenses, including expenses and fees of counsel incurred by it up to the date of such distribution.

Agreement to Pay Attorneys' Fees and Expenses

In the event the Municipality should default under any of the provisions of the Loan Agreement and the Authority or the Trustee should employ attorneys or incur other expenses for the collection of the payments due under the Loan Agreement or the enforcement of performance or observance of any obligation or agreement on the part of the Municipality therein contained, the Municipality agrees to pay to the Authority or the Trustee the reasonable fees of such attorneys and such other expenses so incurred by the Authority or the Trustee.

No Remedy Exclusive

No remedy in the Loan Agreement conferred upon or reserved to the Authority or the Trustee is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under the Loan Agreement or now or thereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Authority or the Trustee to exercise any remedy reserved to it in the provisions of the Loan Agreement concerning Events of Default and Remedies, it shall not be necessary to give any notice, other than such notice as may be expressly required by the Loan Agreement. Such rights and remedies as are given the Authority thereunder shall also extend to the Trustee, and the Trustee and the holders of the Bonds shall be deemed Fourth party beneficiaries of all covenants and agreements therein contained.

No Additional Waiver Implied by One Waiver

In the event any agreement or covenant contained in the Loan Agreement should be breached by the Municipality and thereafter waived by the Authority or the Trustee, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach thereunder.

No Cross Default

The Municipality shall not be liable for the failure of any other municipality to make payments with respect to the Bonds. The occurrence of any Event of Default of any other municipality under such municipality's loan agreement shall not constitute an Event of Default of the Municipality under the Loan Agreement.

Prepayment

Redemption of Bonds with Prepayment Moneys

By virtue of the assignment of certain of the rights of the Authority under the Loan Agreement to the Trustee as is provided in provisions of the Loan Agreement concerning Assignment of Authority's Rights, the Municipality agrees to and shall pay directly to the Trustee any amount permitted or required to be paid by it under the provisions of the Loan Agreement concerning Prepayment. The Trustee shall use the moneys so paid to it by the Municipality to effect redemption of the Bonds as set forth in the provisions of the Loan Agreement concerning Prepayment on the date specified for such redemption pursuant to the provisions of the Loan Agreement concerning Notice of Prepayment. The principal component of the Repayment Installments to be prepaid shall correspond in amount and maturity date to the Bonds related to the Loan Agreement.

Option to Prepay Installments

The Repayment Installments specified in Schedule 1 of the Loan Agreement are subject to prepayment on the dates and in the amounts as set forth in Schedule 1. To the extent the Bonds are subject to optional redemption.

Amount of Prepayment

In the case of a prepayment of the entire amount due under the Loan Agreement pursuant to the provisions of the Loan Agreement concerning Options to Prepay Installments, the amount to be paid shall be a sum sufficient, together with other funds and (as such sufficiency is evidenced by a verification report of an Independent Certified Public Account) the yield on any securities deposited with the Trustee and available for such purpose, to pay all Repayment Installments thereafter due.

Notice of Prepayment

The Municipality shall give sixty days' prior written notice to the Authority and the Trustee specifying the date upon which any prepayment pursuant to the provisions of the Loan Agreement concerning Prepayment will be made. The Authority and the Trustee, at the request of the Municipality, shall forthwith take all steps necessary under the applicable provisions of the Trust Agreement (except that the Authority shall not be required to make payment of any money required for such redemption) to effect redemption of the part of the then outstanding Bonds related to the Loan Agreement, as the case may be, on the earliest practicable date thereafter on which such redemption may be made under applicable provisions of the Trust Agreement.

Notwithstanding anything to the contrary in the Loan Agreement, each notice contemplated in the provisions of the Loan Agreement concerning Prepayment that is given with respect to an optional prepayment pursuant to the provisions of the Loan Agreement concerning Options to Prepay Installments thereof may state that it is subject to and conditional upon receipt by the Trustee on or prior to the proposed prepayment date of amounts sufficient to effect such prepayment and, if a notice so states, such notice shall be of no force and effect and the prepayment need not be made and the Repayment Installments will not become due and payable on the proposed prepayment date unless such amounts are so received on or prior to the proposed prepayment date.

Discharge and Defeasance of Obligations

The Repayment Installments shall be discharged to the extent the Bonds are discharged under the Trust Agreement. The principal components of the Repayment Installments to be discharged shall correspond in amount and maturity date to the Bonds related to the Loan Agreement.

If the Municipality shall pay or cause to be paid or there shall otherwise be paid to the Trustee all of the Repayment Installments at the times and in the manner stipulated in the Loan Agreement, and the Municipality shall pay in full all other amounts due thereunder, then all agreements, covenants and other obligations of the Municipality thereunder shall thereupon cease, terminate and become void and be discharged and satisfied. In such event, the Trustee shall execute and deliver to the Municipality all such instruments as may be necessary or desirable and prepared on or behalf of the Municipality to evidence such discharge and satisfaction.

Any Repayment Installments shall prior to the Repayment Installment Date or prepayment date thereof be deemed to have been paid within the meaning of and with the effect expressed in the second paragraph of this section of the Loan Agreement if (1) in case any of such Repayment Installments are to be prepaid, the Municipality shall have given to the Authority and Trustee in form satisfactory to it irrevocable instructions to provide notice in accordance with the Loan Agreement, (2) there shall have been deposited with the Trustee (A) money in an amount which shall be sufficient and/or (B) Government Securities, the interest on and principal of which when paid will provide money which, together with the money, if any, deposited with the Trustee at the same time, shall be sufficient, in the opinion of a Municipality Independent Certified Public Accountant, to transmit and pay when due the Repayment Installments on and prior to the Repayment Installment Dates or prepayment date thereof, as the case may be, and the prepayment premiums, if any, on such Repayment Installments, and (3) an Opinion of Counsel to the effect that such treatment will not adversely affect the tax-exempt status of interest on any Bonds under the Loan Agreement, provided that the Agreement shall not be discharged and satisfied until all Repayment Installments have been paid or are deemed to have been paid as provided above.

Non-Liability of Authority; Expenses; Indemnification

Non-Liability of Authority

The Authority shall not be obligated to pay the principal of, or premium, if any, or interest on the Bonds, or to discharge any other financial liability (including but not limited to financial liability under provisions of the Loan Agreement concerning Right of Access to the Project) in connection therewith, except from, and to the extent of, System Net Revenues. The Municipality thereby acknowledges that the Authority's sole source of

moneys to repay the Bonds will be provided by the payments made by the Municipality pursuant to the Loan Agreement (excluding payments to the Authority or the Trustee pursuant to the provisions of the Loan Agreement concerning the Tax Exempt Status of the Bonds and Indemnification) and payments from other participating Municipalities.

Liability of Municipality Limited to System Revenues

Notwithstanding any other provision in the Loan Agreement, the Municipality shall not be required to advance any moneys derived from any source of income other than the System Revenues, the Income Fund and the other funds provided therein for the payment of the Repayment Installments or for the performance of any agreements or covenants required to be performed by it contained therein. The Municipality may, however, advance moneys for any such purpose so long as such moneys are derived from a source legally available for such purpose and may be legally used by the Municipality for such purpose.

The obligation of the Municipality to make the Repayment Installments is a special obligation of the Municipality payable solely from the System Net Revenues legally available and other funds provided for in the Loan Agreement (except as provided in the provisions of the Loan Agreement concerning Timeliness of Payments, and Repayment), and does not constitute a debt of the Municipality or of the State of Idaho or of any political subdivision thereof in contravention of any constitutional or statutory debt limitation or restriction.

Indemnification

The Municipality releases the Authority and the Trustee from, and covenants and agrees that neither the Authority nor the Trustee shall be liable for, and covenants and agrees, to the extent permitted by law, to indemnify, defend and hold harmless the Authority and the Trustee and their officers, elected officials, employees and agents from and against, any and all losses, claims, damages, liabilities or expenses, of every conceivable kind, character and nature whatsoever arising out of, resulting from or in any way connected with the financing or refinancing of the Project, or the conditions, occupancy, use, possession, conduct or management of, or work done in or about, or from the planning, design, acquisition, installation or construction of the Project or any part thereof. The indemnity of the Trustee required by this section of the Loan Agreement shall be only to the extent that any loss sustained by the Trustee exceeds the net proceeds the Trustee receives from any insurance carried with respect to the loss sustained.

Miscellaneous

Amendments, Changes and Modifications

Subsequent to the initial issuance of Bonds and prior to their payment in full, or provision for such payment having been made as provided in the Trust Agreement, the Loan Agreement may be amended, changed or modified as set forth in the provisions of the Trust Agreement concerning Amendment of the Trust Agreement and Loan Agreement.

Independent Auditor's Report

To Honorable Ron Crane, Idaho State Treasurer, Chair and Authority Members
Idaho Bond Bank Authority
Boise, Idaho

Report on the Financial Statements

We have audited the accompanying financial statements of Idaho Bond Bank Authority (the Authority), a component unit of the State of Idaho, which comprise the statement of net position as of June 30, 2014, and the related statement of revenues, expenses and changes in net position and the statement of cash flows the for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Idaho Bond Bank Authority as of June 30, 2014, and the changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated September 15, 2014 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That reports is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Idaho Bond Bank Authority's internal control over financial reporting and compliance.

The Authority's financial statements are presented in accordance with applicable provisions of the Governmental Accounting Standards Board Statements.

The financial statements report short and long-term financial information about the Authority. The Statement of Net Position provides information about the nature and amounts of investments in resources (assets) and obligations (liabilities) at the close of fiscal year 2014. The Statement of Revenues, Expenses and Changes in Net Position report the Authority's operations for fiscal year 2014 and the resulting decrease in net position. The Statement of Cash Flows provides information about the Authority's cash receipts, cash payments and net changes in cash resulting from operations, investing and financial activities and the flow of cash during the fiscal year.

The Idaho Bond Bank Authority is a single-purpose governmental entity and is an enterprise fund for financial reporting with revenues and expenses recognized on the accrual basis. The notes to the financial statements contain, among other information, descriptions of the Authority's significant accounting policies and are an integral part of the financial statements.

FINANCIAL HIGHLIGHTS AND LONG-TERM DEBT

During fiscal year 2014 the Bond Bank approved 4 municipal loan applications for projects in 4 communities, resulting in \$70.01 million in bonds being issued. This activity level decreased from FY 2013 when the Bond Bank issued \$88.69 million in bonds to fund projects in 23 communities. The decrease was primarily due to the market increase in cost to issue.

Note 1 - Summary of Significant Accounting Policies

The accompanying financial statements of the Idaho Bond Bank Authority (the Authority), have been prepared in conformity with generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The GASB is the standard-setting body for the governmental accounting and financial reporting principles.

Reporting Entity

The Idaho Bond Bank Authority was created by Idaho Code, Section 67-8703, authorizing the Authority to issue bonds to make loans to local governments for infrastructure. The objective of the Authority is to obtain lower interest rate and underwriting costs than local governments can achieve individually. The Authority is administered by a five member board, of which two members are appointed by the governor and three are elected officials.

The Authority is included as a component unit in the State of Idaho financial statements. The Authority can obligate state sales tax revenue as a source of payment or security for bonds issued, which imposes a potential direct financial burden on the State.

These statements present only the balances and activities of the Authority and are not intended to present the financial position and the results of operations of the State of Idaho in conformity with generally accepted accounting principles of the United States.

Basis of Accounting and Financial Statement Presentation

The Authority is accounted for and reported as a proprietary-type enterprise fund. Accordingly, the financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of cash flows. The Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position display information about the Authority. These statements include the financial activity of the overall reporting entity. These statements report all activities of the Authority as a business type activity. Operations are financed primarily from interest income.

The Statement of Net Position presents the Authority's assets and liabilities, with the difference reported as net position. Net position is displayed as unrestricted; however, unrestricted net position may have constraints or designations placed upon it by management, which can be unilaterally removed.

Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and reported revenues and expenses.

Cash Held with Idaho State Treasurer

The Authority involuntarily participates in the State of Idaho Treasurer's Pooled Idle Fund (Idle Pool). The Idle Pool is an internal investment pool managed by the State Treasurer's Office on behalf of participants. The funds of the Idle Pool are invested pursuant to *Idaho Code* 67-1210 and 67-1210A and generally invested in US Treasury and US Government Agency obligations, investment grade corporate obligations, high quality commercial paper and bank certificates of deposit. For performance evaluation, the Idle Pool is compared to the 90-day Treasury constant maturity rate. All investments are held in trust by a safekeeping bank. An annual audit of the Idaho Treasurer's Office is conducted by the State Legislative Auditors Office. The Legislative Auditor of the State of Idaho has full access to the records of the Idle Pool.

Loans Receivable and Provisions for Loan Losses

Loans receivable consist of loans to local governments in order to finance infrastructure needs. The terms of the loans receivable are identical to the terms of the bonds payable. The face value of the notes receivable as of June 30, 2014 is \$406,450,000, with \$18,095,000 receivable within one year. Interest rates range from 2.00% to 6.25%.

Periodic evaluation of the loans receivable portfolio is performed in order to determine whether an allowance for loan losses should be established and reflected in current operations. Due to various levels of security, including the ability of the Authority to intercept State-shared revenues designated for distribution to borrowing communities, and the Authority's low delinquency rates in its loan portfolio, management determined that no allowance for loan losses was necessary for the year ended June 30, 2014. The allowance for loan loss is considered a significant estimate and it is at least reasonably possible that this estimate will change.

Discount or premium on notes receivable represent the difference between the note receivable balance and the cash that was distributed to the participants. The note premium or discount is capitalized and amortized over the life of the notes and recognized as revenue using the effective interest method. Notes receivable are reported net of applicable premium or discount. Net discount or premium on notes totaled \$18,430,949 in net discounts as of June 30, 2014. Amortization of note discount or premium for the year ended June 30, 2013 was \$1,476,890 and is included in the caption, Interest Income on the Statement of Revenues, Expenses and Changes in Net Position. Accumulated amortization as of June 30, 2014 was \$2,581,137 with a discount, net of accumulated amortization, of \$15,849,812.

Revenue Bonds Payable

Bonds and notes payable include bonds issued to make loans to local governments in order to finance infrastructure needs. Bond premiums / discounts are deferred and amortized over the life of the loan.

The Authority's financial statements report long-term obligations, such as bonds and notes payable, as liabilities, with the portion payable within twelve months designated separately from the portion payable in more than twelve months. Bonds payable are reported net of applicable bond premium or discount. Net premium or discount on the bonds totaled \$25,935,299 in net premium as of June 30, 2014. Amortization of bond premium or discount for the year ended June 30, 2013 was \$1,967,225 and is included in the caption, Interest Expense on the Statement of Revenues, Expenses and Changes in Net Position. Accumulated amortization as of June 30, 2014 was \$4,534,211 with a premium, net of accumulated amortization, of \$21,401,088.

Note 2 - Long-Term Liabilities

The Authority is authorized to issue and sell revenue bonds under provisions of the Idaho Constitution, Article VIII, Section 2A, and Idaho Code, Sections 67-8701 through 67-8728. The bonds are used by the Authority to make loans to local governments in order to finance infrastructure needs. The bonds are limited obligations of the Authority and do not constitute a debt of the State of Idaho or any of its political subdivisions.

Revenue bond debt service requirements to maturity are as follows:

Idaho Bond Bank Authority

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To Honorable Ron Crane, Idaho State Treasurer, Chair and Authority Members
Idaho Bond Bank Authority
Boise, Idaho

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Idaho Bond Bank Authority (the Authority) as of and for the year ended June 30, 2014, and the related notes to the financial statements, and have issued our report thereon dated September 15, 2014.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not yet been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
